

MUNICIPAL CORPORATION OF GREATER MUMBAI

BEACH SAFETY

As per Government of Maharashtra Resolution No. TDC-2006/C.N. 6/Tourisum
Dt. 08.09.2006 information about beaches in Mumbai

Sr. No.	Name of the Beach	Safe / Unsafe	Remarks
1	Girgaum Chowpatty	Safe	Within safe zones for public swimming & guided water sports
2	Walkeshwar – Worli	Unsafe	Rocky
3	Dadar Chowapatty	Unsafe	Rocky & Polluted water
4	Mahim	Unsafe	Sewerage Discharge
5	Bandra to Khar	Unsafe	Rocky
6	Juhu Chowpatty	Safe	Public Swimming from YCMA to Ruia Park
7	Aksa Beach (Danapani)	Unsafe	High Degree of Scurrying
8	Manori	Unsafe	Strong rip currents
9	Gorai	Unsafe	Strong rip currents
10	Marve	Unsafe	Strong underwater currents
11	Tata Garden,	-	Not visited by tourists
12	Rajbhavan	-	Prohibited area

The safety of sea beaches is broadly been decided on the basis of historical data, tourist movements and existing currents and water situation. However, no place can said to be either permanently safe or unsafe. The water level, degree of scurrying, strong currents, the level of pollution, the land erosion and such other reasons make the place either safe or unsafe.
