E-TENDER NOTICE

MUNICIPAL CORPORATION OF GREATER MUMBAI

Dy.City Engineer (School Infrastructure Cell)

No. Dy.CE /SIC/ 15258 /WS dated- 7.10.2022

E-TENDER NOTICE

Subject: Proposed Repairs & Upgradation of Dalvi Plot Municipal Hindi School, Ram at Kandivali (E) R/S Ward, Mumbai.

(Bid Invitation No: 7200036922)

The Municipal Corporation of Greater Mumbai (MCGM) invites e-tender to appoint Contractor for the aforementioned work from contractors of repute, multidisciplinary engineering organizations i.e. eminent firm, Proprietary/Partnership Firms/ Private Limited Companies/ Public Limited Companies/Companies registered under the Indian companies' act 2013, the contractors registered with the Municipal Corporation of Greater Mumbai, (MCGM) in **Class 'IV' for Civil having MOU with Electrical Contractor of Class 'B-1' for Electrical as per 'Rules Governing Registration of Contractors/s for Civil and Mechanical & Electrical Engineering Works-2016'** (came in force from date **01.12.2016**) as per Hon'ble MC's sanction u/no. MGC /F/ 1614 dtd. **25.10.2016** and **Class 'IV' & above for Civil having MOU with Electrical Contractor of Class 'B' & above for Electrical as per Registration Rules 2015** and from the contractors/firms equivalent and superior classes registered in Central or State Government/Semi Govt. Organization /Central or State Public Sector Undertakings, will be allowed subject to condition that, the contractors who are not registered with MCGM will have to apply for registering their firm within three months time period from the award of contract, otherwise their Bid Security i.e. E.M.D (Earnest Money Deposit) will be forfeited/recovered and an amount equal to Registration Fee of respective class will be recovered as penalty.

Bidding Process will comprise of THREE stages.

The application form can be downloaded from MCGM's portal (<http://portal.mcg.gov.in>) on payment of Rs.10,400/- at G.L. Code no.150110300 & 9% CGST + 9% SGST to G.L. No. 350300508 per copy by e- tendering process from the approved banks under section "Payment of Tender Price". The applicants not registered with MCGM are mandated to get registered (Vendor Registration) with MCGM for e-tendering process & obtain login credentials to participate in the online bidding process.

- i) To download the application form, for those applicants not having vendor registration, need to apply first for vendor registration at the office of Account Officer (FAR), 3rd floor, Municipal Headquarter.
- ii) Followed by SRM login ID and password to be obtained from Central Purchase Department (CPD), Office at Byculla, Bakariadda, Mumbai.

For e-Tendering registration, enrollment for digital signature certificates and user manual, please refer to respective links provided in 'Tenders' tab. Vendors can get digital signature from any one of the Certifying Authorities (CA's) licensed by controller of certifying authorities namely, Safes crypt, IDRBT, National informatics center, TCS, CUSTOMS, MTNL, GNFC and e- Mudhra CA.

Name and location of work	Contract period	Estimated Cost of Project
Proposed Repairs & Upgradation of Dalvi Plot Municipal Hindi School, Ram Nagar at Kandivali (E) R/S Ward, Mumbai.	15 Months (Including Monsoon)	Rs. 1,39,69,210.00

In terms of the 3-stage system of e-tendering, a Bidder will be required to deposit, along with its Bid, an **Earnest Money Deposit of Rs. 1,39,800.00 (Rupees- One Lakh Thirty Nine Thousand Eight hundred only)** (the "EMD"), refundable in accordance to the relevant clause of bid document, from the Bid Due Date, except in the case of the selected Bidder whose Bid Security/EMD shall be retained. The Bidders will have to provide Earnest Money Deposit through the payment gateways while submitting the bids. The Bid shall be summarily rejected if it is not accompanied by the Earnest Money Deposit. The e-tender is available on MCGM portal (<http://portal.mcgm.gov.in>) as mentioned in the Header Data of the tender.

As per THREE Packet systems, the document for Packet A& B is to be uploaded by the bidder in vendors' document online in Packet A, B. Packet A, B & C shall be opened on dates as mentioned in header data. All the responsive and eligible bidders if they so wish can be present at the time of opening of bids, in the office of Dy. City Engineer (School

Infrastructure Cell).The Packet C shall be opened if bids submission in Packet A& B satisfies/includes all the requirements and same are found acceptable to the Authority.

The Municipal Commissioner reserves the right to reject all or any of the e- tender(s) without assigning any reasons at any stage.

The dates and time for submission and opening the bids are as shown in the Header Data. If there are any changes in the dates the same will be displayed on the MCGM Portal. (<http://portal.mcgm.gov.in>)

The Applicants interested for the above referred works may contact the Dy. City Engineer(School Infrastructure Cell). At the following address on any working day during office hours.

Office of: Dy.City Engineer (School Infrastructure Cell)

5th Floor, Prafullaben Society, Miranda Wadi,

Ram Maruti Road, Nr. Shivaji Park Police Station,

Dadar (w), Mumbai – 400 028

Phone No: 022 24381135, Ext: 227

Fax No: 022 24381856

E-Mail: dycesic.ce@mcgm.gov.in

The applicants may wish to visit the site under reference located at Kandivali (E), a part of Western suburb Mumbai and can collect the information of the present status from the department who have invited the bids.

The MCGM reserves the rights to accept any of the application or reject any or all the application received for above works, without assigning any reasons thereof. The information regarding above subject matter is available on Website of MCGM. <http://portal.mcgm.gov.in/tenders>.

SECTION 2

ELIGIBILITY CRITERIA

To be eligible for pre-qualification and short-listing, an Applicant shall fulfill the following conditions of eligibility:

1. For Regular, Routine and Maintenance works: (.i.e 'A')

1.1 Technical Capacity

The tenderer(s) in their own name should have satisfactorily executed the work of similar nature MCGM /Semi Govt. /Govt. & Public Sector Organizations during **last seven (7) years** ending last day of month previous to the one in which bids are invited as a prime Contractor (or as a nominated sub-Contractor, where the sub-contract had involved similar nature of work as described in the scope of works in this bid document, provided further that all other qualification criteria are satisfied)

a) Three similar completed works or currently executing **three works** of similar nature **each** costing **20%** of estimated cost

Or

b) Two similar completed works or currently executing **two works** of similar nature **each** costing **25%** of estimated cost

Or

c) One similar completed work or currently executing **One work** of similar nature **each** costing **40%** of estimated cost

The value of completed works shall be brought to current costing level by enhancing the actual value of work at compound rate of 10 % per annum; calculated from the date of completion to last date of receipt of applications for tenders.

***In case of ongoing works to be considered, the bidder must have received payment bills of 80% of the contract sum for the work/works executed last day of month previous to the one in which bids are invited.**

1.2 Financial Capacity

Achieved an average annual financial turnover as certified by 'Chartered Accountant' (in all classes of civil engineering construction works only) equal to **30%** of the estimated cost of work in **last three (3) financial years** immediately preceding the Financial Year in which bids are invited.

The value of completed works shall be brought to current costing level by enhancing the actual value of work at compound rate of 10 % per annum; calculated from the date of completion to last

date of receipt of applications for tenders.

1.3 Similar Experience:

“For assessing the technical capacity of Regular, Routine and Maintenance;

“For Assessing the technical capacity of major structural repairs / maintenance works and reconstruction/new construction works; similar work shall mean, the completed or ongoing works in Building Construction OR Building Maintenance such as repairs/retrofitting/up-gradation/structural repairs”.

For Original and New construction works (.i.e ‘B’)

- a) 2.1 Not Applicable for this bid.
- b) 2.2 Not Applicable for this bid.
- c) 2.3 Not Applicable for this bid.

(C) Bid Capacity:

The bid capacity of the prospective bidders will be calculated as under:

Assessed Available Bid Capacity = (A* N* 2 - B)

Where,

A = Maximum value of Civil Engineering works executed in any one year (year means Financial year) during **the last five years** (updated to the price level of the Financial year in which bids are received at a rate of 10% per year) taking into account the completed as well as works in progress.

N =Number of years prescribed for completion of the Project/Works, including monsoon period, for which these bids are being invited. (E.g. 7 months = 7/12 year)

B =Value of existing commitments (only allotted works) on the last date of submission of bids as per bidding document and on-going works to be completed during the period of completion of the Project/Works for which these bids are being invited.

Note: The statement showing the value of existing commitments and on-going works as well as the stipulated period of completion remaining for each of the works listed should be attached along with certificates duly signed by the Engineer-in Charge, not below the rank of an Executive Engineer or equivalent.

Even though the bidders meet the above qualifying criteria, they are subject to be disqualified if they have:

- made misleading or false representation in the forms, statements and attachments submitted in proof of the qualification requirements; and/or
- Record for poor performance such as abandoning the works, not properly completing the contract, inordinate delays in completion, or financial failures etc.

D. Equipment Capabilities as required for this work

- a) Regular and Routine works:** The successful bidder will make the arrangements of the required equipment on the day of commencement or with respect to the progress of the work in phases, as per the instructions of site in charge. The successful bidder and, to that effect he will ensure commitment on an undertaking on Rs.500 stamp paper to be submitted along with the Bid in Packet B. However, this condition in no way shall dilute the respective condition in Registration Rules of MCGM.
- b) New and Original Works: Not Applicable for this bid.**
- c) Special Works: Not Applicable for this bid.**

Note:

Bidders shall submit the undertaking for equipment capability and other undertakings as such on a single Rs.500/- stamp paper.

E. Technical Personnel

The contractor and/or its managerial staff should have qualification/experience appropriate to the function they fulfill. The minimum standard shall be increased by asking that at least one number or more of the contractor or its managerial staff have acquired qualifications or work experience to the needs of the contract. The minimum standard may also state that the person or persons responsible for managing the works must have a minimum of no's of years' experience working on similar nature of projects.

For fixing requirement of Technical Staff as required for this work.

(A) General Guidelines for Fixing Requirement of Technical Staff

Not Applicable for this bid

(1) General Guidelines for Fixing Requirement of Technical Staff

Cost of work (Rs in Crore)	Requirement of Technical Staff		Minimum Experience (year)	Designation
	Qualification	Number		
more than 100	i) Graduate Engineer(Major component)	1	20	Project Manager in major discipline of engineering
	ii) Graduate Engineer	2+1	12	Deputy Project Manager in major discipline of engineering
	iii) Graduate Engineer or Diploma Engineer	4 or 2	5 or 10	Project/Site Engineer
	iv) Graduate Engineer	1+1	8	Quality Engineer
	v) Diploma Engineer	1	8	surveyor
	vi) Graduate Engineer	1+1	6	Project Planning/ Billing Engineer
More than 50 to 100	i) Graduate Engineer	1	20	Project Manager
	ii) Graduate Engineer	1+1	12	Deputy Project
	iii) Graduate Engineer or Diploma Engineer	2+1	5 Or 10	Manager Project/Site Engineer
	iv) Graduate Engineer	1	8	Quality Engineer
	v) Diploma Engineer	1	8	surveyor Project Planning/ Billing Engineer
	vi) Graduate Engineer	1+1	6	
More than 20 to 50	i) Graduate Engineer	1	20	Project Manager
	ii) Graduate Engineer or Diploma Engineer	1+1	5 Or 10	Project/Site Engineer
	iii) Graduate Engineer	1	8	Quality Engineer
	v) Diploma Engineer	1	8	surveyor
	vi) Graduate Engineer	1	8	Project Planning/ Billing Engineer
			1	6
10 to 20	i) Project Manager with degree in corresponding discipline of Engineering	1	10	Principal Technical Representative
	ii) Graduate Engineer	1	5	Technical Representative

	iii) Graduate Engineer or Diploma Engineer	2 2	2 5	Project/Site Engineer and Project Planning/ billing Engineer
5 to10	i) Graduate Engineer	1	5	Principal Technical Representative
	ii) Graduate Engineer or Diploma Engineer	2 2	2 5	Project/Site Engineer Engineer
More than 1.5 to 5	i) Graduate Engineer	1	5	Principal Technical Representative
	ii) Graduate Engineer or Diploma Engineer	1 1	2 5	Project/Site Engineer Billing Engineer
Up to1.5	i) Graduate Engineer or Diploma Engineer	1 1	2 5	Principal Technical Representative Project/Site Engineer/ Billing Engineer

Notes-1. “Cost of work”, in table above, shall mean the agreement amount of the work.

2. Rate of recovery in case of non-compliance of the clause be stipulated at following.

rates:-

Sr.No	Qualification	Experience(years)	Rate of Recovery
1	Project Manager with degree	10	Rs.30000/-p.m.
2	Graduate Engineer	5	Rs.25000/-p.m.
3	Graduate Engineer	2	Rs.15000/-p.m.
4	Diploma Engineer	5	Rs.15000/-p.m.

3. Nothing extra need to be added while preparing market rate justified amount of the work if stipulation is made as per above recommended scale of technical staff.

4. Requirement of technical staff and their experience can be varied depending upon nature of work by competent authority i.e. Chief Engineer with recorded reasons.

SECTION 3

DISCLAIMER

DISCLAIMER

The information contained in this e-tender document or provided to Applicant(s), whether verbally or in documentary or any other form, by or on behalf of the Municipal Corporation of Greater Mumbai (MCGM), hereafter also referred as “The Authority “, or any of its employees or advisors, is provided to Applicant(s) on the terms and conditions set out in this e-tender and such other terms and conditions subject to which such information is provided.

This e-tender includes statements, which reflect various assumptions and assessments arrived at by the Municipal Corporation of Greater Mumbai (MCGM) in relation to the Project. Such assumptions, assessments and statements do not purport to contain all the information that each Applicant may require. This e-tender may not be appropriate for all persons, and it is not possible for the Municipal Corporation of Greater Mumbai (MCGM), its employees or advisors to consider the investment objectives, financial situation and particular needs of each party who reads or uses this e-tender. The assumptions, assessments, statements and information contained in this e-tender may not be complete, accurate, adequate or correct. Each Applicant should therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this e-tender and obtain independent advice from appropriate sources.

Information provided in this e-tender to the Applicant(s) is on a wide range of matters, some of which may depend upon interpretation of law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. The Municipal Corporation of Greater Mumbai (MCGM) accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed here.

The Municipal Corporation of Greater Mumbai(MCGM), its employees and advisors make no representation or warranty and shall have no liability to any person, including any Applicant or Bidder, under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this e-tender or otherwise, including the accuracy, adequacy, correctness, completeness or reliability of the e-tender and any assessment, assumption, statement or information contained therein or deemed to form part of this e-tender or arising in any way with pre-qualification of Applicants for participation in the Bidding Process. The Municipal Corporation of Greater Mumbai (MCGM) also accepts no liability of any nature whether resulting from negligence or otherwise howsoever caused arising

From reliance of any Applicant upon the statements contained in this e-tender.

The Municipal Corporation of Greater Mumbai (MCGM) may, in its absolute discretion but without being under any obligation to do so, update, amend or supplement the information, assessment or assumptions contained in this e-tender.

The issue of this e-tender does not imply that the Municipal Corporation of Greater Mumbai (MCGM) is bound to select and short-list pre-qualified Applications for Bid Stage or to appoint the selected Bidder or Concessionaire, as the case may be, for the Project and the Municipal Corporation of Greater Mumbai (MCGM) reserves the right to reject all or any of the Applications or Bids without assigning any reasons whatsoever.

The Applicant shall bear all its costs associated with or relating to the preparation and submission of its Application including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by The Municipal Corporation of Greater Mumbai (MCGM) or any other costs incurred in connection with or relating to its Application. All such costs and expenses will remain with the Applicant and the Municipal Corporation of Greater Mumbai (MCGM) shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by an Applicant in preparation or submission of the Application, regardless of the conduct or outcome of the Bidding Process.

Though adequate care has been taken in the preparation of the tender document, the tenderer should satisfy him that it is complete in all respect.

Neither M.C.G.M. nor its employees or its Architect / Associated Consultants will have any liability to any prospective tenderer or any other person under law, equity or contract or otherwise for any alleged loss, expense or damage which may arise from or be incurred or suffered in connection with anything contained in the tender document, any matter deemed to form part of the tender document, the award of the Project, the project information and any other information supplied by or on behalf of M.C.G.M. or their Architect, any consultants or otherwise arising in any way from the selection process for the Project.

M.C.G.M. reserves the right to reject any or all the tender documents submitted in response to the advertisement at any stage without assigning any reason whatsoever.

M.C.G.M. reserves the right to change any or all the provisions / conditions of the tender document. Such changes will be intimated to all the tenderers who have purchased the tender document, before the last date of submission of the tender document.

Neither M.C.G.M. nor its employees or its Architect / Associated Consultants will have any liability to any prospective tenderer or any other person under law, equity or contract or otherwise to make any payment towards removal/transportation/disposal of surplus excavated earth including desilted material from construction site to either any municipal dumping ground (if made available) or to Contractors own dumping facility. The contractor shall take in to the account the fact while quoting.**The NOC from SWM dept. is mandatory for any sort of removal from site.**

As per provisions under Circular u/no.AMC/ES/679/II dtd 06.10.2015, Neither M.C.G.M. nor its employees or its Architect / Associated Consultants will have any liability to any prospective tenderer or any other person under law, equity or contract or otherwise, to make any payment towards barricading.The same shall be provided as per specifications, as per site requirements and as directed by Engineer, where required. Contractor shall quote accordingly.

SECTION 4

INTRODUCTION

INTRODUCTION

Scope of Work:

MCGM is primarily an organization, which in the interest of citizens and with the speed of urbanization deals with the variety of the infrastructure services and delivered to the public by different departments like Water Supply Projects, Sewerage Projects, Hydraulics, Storm Water Drain/Roads and bridges and Building Construction etc.

Background:

The Municipal Corporation of Greater Mumbai covers an area of 209.58 sq.km. with a population of **1.24 Crores as per census of 2011**. The metropolis accounts major portion of India's international trade and government's revenue, from being one of the foremost centers of education, science and technological research and advancement.

The Mumbai Metropolis has historic tradition of strong civic activism dedicated to the cause of a better life for all its citizens. And it's the Municipal Corporation of Greater Mumbai (MCGM), hereafter called the "Corporation", the primary agency responsible for urban governance in Greater Mumbai.

MCGM (The Authority) is one of the largest local self-governments in the Asian Continent. In observance of historic traditions of strong civic activism, with the change in time and living conditions to match with the urbanization, MCGM has mainly focused in providing almost all kinds of engineering services viz, Hydraulics, storm water drain, sewerage, water supply projects, roads, bridges, solid waste management, and environmental services. Beside this, the MCGM is also providing dedicated services in various segments such as Health, Primary Education as well as the construction and maintenance of Public Markets and Slaughter Houses.

MCGM is an organization having different departments, right from engineering depts. to health depts. Moreover we have other dept. like education, market, fire brigade dept., Octroi and other such departments where quite a good number of staff members are working.

RECORDS & CO-ORDINATION:

Necessary registers as maintained by the PMC's Engineer/MCGM Engineer as case may be at site as directed by the M.C.G.M. Engineer and the same shall be duly signed by the Contractor and his Engineer. Such registers shall include but not limited to list of dismantled objects/items to be handed over to the MCGM's authorities.

SECTION 5

PRESENT SITE

CONDITIONS

PRESENT SITE CONDITIONS

1. SITE LOCATION:

- 1.1 Proposed Repairs & Upgradation of Dalvi Plot Municipal Hindi School, Ram Nagar at Kandivali (E) R/S Ward, Mumbai.
- 1.2 The building consists of primary school, G+1st storied of RCC cum load bearing structure. The total area of school is approximately 2907.02 Sq.Mtr.

ACCESS ROAD:

Site is accessible from Kandivali Railway Station (East).

2. SITE FACILITIES:

2.1. Water Supply:

The responsibility of making the water available for construction as well as drinking purpose is remains with the Contractor and no cost on this account will be reimbursed.

2.2.Electric Supply:

The existing electric power is available at site. However, the Contractor shall make his own arrangements for temporary supply, tapping and distribution of the same as per the works requirement.

3. SITE CONSTRAINTS:

The works are to be executed in a school having classes which attended by school students. On the part of the 'Contractor', some of the constraints to be considered are indicated here below for guidance / information however, the contractor must visit the site and get acquainted and ensure and correctness of the information given.

- i) Since the work is to be carried in a neighboring running school attended by small kids all the work will have to be necessarily carried out with minimum of disturbances to the normal functioning of the school and living occupants as well as to the students, teachers and other staff working in the school.
- ii) Highest standards of cleanliness need to be maintained. For this purpose appropriate precautions such as constant and continuous cleaning of areas, careful and prompt removal of debris etc. must be taken. The Contractor should submit a comprehensive plan with detailed methodology for his various activities, to enable the school authorities to plan their parts of functioning so that the extent of areas available and duration of their availability should be planned. Stacking of materials on floor and movement of men and materials can be carefully planned and controlled.
- iii) Proper protection to school instruments / belongings and openings must be provided during the works.
- iii) Shifting of furniture as required to be done in consultation with the school authorities.

3.2 The Contractor will have to take into account all the above present site Conditions / constraints while quoting his rates as well as preparing the work methodology and scheme of execution which will be the part of tender document.

4.0 DIFFICULTIES IN EXECUTION OF CONSTRUCTION WORKS:

Handicaps/Difficulties will be present during Construction work. Some very important points have to be mentioned regarding the construction, civil and allied works of the building complex.

- a. While construction activity in progress, the scaffold design should be such as to cause minimum inconvenience to movement especially at entry/exit points. Necessary safety features must be in place.
- b. Construction work will involve shifting of men and materials, temporary shut downs of units, noise and dust during Civil and Electrical Works.
- c. All electrical fixtures & wiring will have to be removed / re-routed and necessary temporary supply will have to be provided.
- d. The contractor shall take the responsibility of the workers / laborers by providing life insurance to the workers / laborers or any persons during the accident as per procedure of the M.C.G.M.
- e. The construction work shall be completed within specified time period, for which the contractor shall be observed the bar chart in consultation of M.C.G.M.

SECTION 6

E-TENDERING ONLINE

SUBMISSION PROCESS

E-TENDERING ONLINE SUBMISSION PROCESS

The terminology of e-Tendering is solely depending upon policies in existence, guidelines and methodology adopted since decades. The SRM is only change in process of accepting and evaluation of tenders in addition to manual. The SAP module to be used in this E-tendering is known as Supplier Relationship Module (SRM).SRM is designed and introduced by ABM Knowledge ware Ltd. who will assist MCGM in throughout the tendering process for successful implementation.

NOTE: This tendering process is covered under Information Technology ACT & Cyber Laws as applicable

(1) In e-tendering process some of the terms and its definitions are to be read as under wherever it reflects in online tendering process.

Start Date read as “Sale Date”

End Date read as “Submission Date”

Supplier read as “Contractor/bidder”

Vendor read as “Contractor/bidder”

Vendor Quotation read as “Contractors Bid/Offer”

Purchaser read as “Department/MCGM”

I. Before entering in to online tendering process, the contractors should complete the registration process so as to get User ID for E-tendering links. For this, the contractors can access through Supplier registration via MCGM Portal.

There are two methods for this registration :(II and III)

II. Transfer from R3 (registered contractors with MCGM) to SRM

- a. Contractors already registered with MCGM will approach to Vendor Transfer cell.
- b. Submit his details such as (name, vendor code, address, registered Email ID, pan card etc.) to Vendor transfer cell.
- c. MCGM authority for Vendor Transfer, transfers the Vendor to SRM application from R3 system to SRM system.
- d. Transferred Vendor receives User ID creation link on his supplied mail Id.
- e. Vendor creates his User ID and Password for e-tendering applications by accessing link sent to his mail ID.

III. Online Self Registration (Temporary registration for applicant not registered with MCGM)

Vendor fills up Self Registration form via accessing MCGM portal.

Vendor Transfer cell (same as mentioned above) accesses Supplier Registration system and accepts the Vendor request.

Accepted Vendor receives User ID creation email with Link on his supplied mail Id.

Vendor creates his User ID and Password for e-tendering application.

IV. CONTRACTORS BIDDING: Applicant will Quote and Upload Tender Documents

Access e-tender link of SRM Portal

Log in with User ID and Password

Selects desired Bid Invitation (he wants to bid)

To download tender documents contractors will have to pay online Tender fee. The same can be done by accessing Pay Tender Fees option. By this one will be able to pay Tender fee through Payment Gateway-If transaction successful, Contractors can register his interest to participate. Without Registration one cannot quote for the Bid/Tender.

Applicant will download Tender Documents from Information from purchaser tab by accessing Purchaser document folder through collaboration 'C' folder link.

Applicant will upload Packet **A** related and Packet **B** related Documents in Packet **A** and Packet **B** folder respectively by accessing these folders through "My Notes" Tab and collaboration folder link.

All the documents uploaded have to be digitally signed and saved. Contractors can procure there digital signature from any certified CA's in India.

Bid security deposit/EMD and ASD, if applicable, should be paid online as mentioned in tender.

For commercial details (in Packet **C**) contractors will fill data in Item Data tab in Service Line Item via details and quotes his "Percentage Variation" (i.e.% quoted) figure.(If entered '0' it will be treated as at par. By default the value is zero only.

Applicants to check the bid, digitally signs & save and submit his Bid Invitation.

Applicants can also save his uploaded documents/commercial information withoutsubmitting the BID for future editing through 'HOLD' option.

Please note that "Hold" action do not submit the Bid.

Applicants will receive confirmation once the Bid is submitted.

Bid creator (MCGM) starts Bid Opening for Packet **A** after reaching End Date and Time and Bid Evaluation process starts.

As per Three Packet system, the document for Packet **A& B** are to be uploaded by the tenderer in 'Vendor's document' online in Packet **A & B**. Before purchasing/ downloading the tender copy, tenderer may refer to post- Qualification criteria mentioned in e-Tender Notice.

The tenderer shall pay the EMD/Bid Security through payment gateways before submission of Bid and shall upload the screenshot of receipt of payment in Packet 'A' instead of paying the EMD at any of the CFC centers in MCGM Ward Offices.

The e-tender is available on MCGM portal, <http://portal.mcgm.gov.in>, as mentioned in the Header Data of the tender. The tenders duly filled in should be uploaded and submitted online on or before the end date of submission. The Packet 'A', Packet 'B' & Packet 'C' of the tenderer will be opened as per the time-table shown in the Header Data in the office of Dy.C.E (SIC).

The Municipal Commissioner reserves the right to reject all or any of the e-Tender(s) without assigning any reason at any stage. The dates and time for submission and opening the tenders are as shown in the Header Data. If there are any changes in the dates the same will be displayed on the MCGM Portal (<http://portal.mcgm.gov.in>).

SECTION 7

INSTRUCTIONS TO

APPLICANTS

➤ **Scope of Application**

The Authority wishes to receive Applications for Qualification in order to SELECT experienced and capable Applicants for the Bid Stage.

A. TIME PERIOD OF THE PROJECT:

Entire project should be completed and delivered within **15 months** of time from the date of award of contract that Including Monsoon.

The time allowed for carrying out the work as entered in the Tender shall be strictly observed by the Contractor and shall be reckoned from the date on which the Letter of Acceptance is given to the Contractor. The work shall throughout the stipulated period of the Contract be proceeded with all due diligence as time being deemed to be the essence of the contract on the part of the Contractor. On failing to do so, the Contractor shall pay as compensation an amount which shall be governed as per Clause - 8(e) of Standard General Conditions of Contract.

The Contractor should submit the bar chart within 3 days of receipt of work order for approval of Engineer-in-charge. If no communication received from Engineer in Charge within seven days the same is to be considered as deemed approved. The work should be completed as per approved bar chart.

The Contractor is supposed to carry out the work and keep the progress as per approved Bar Chart.

B. Contract Execution

All required documents for execution of the contract shall be submitted within 30 days from the date of issue of work order. If the documents are not submitted within the stipulated time a penalty of Rs 5000/- per day will be applicable to the contractor. All contract documents need to be duly affixed with stamp duty properly signed along with evidence/proof of payment of security/contract deposit/ within 30 days from the date of letter of acceptance received by him.

If the amount of the Contract Deposit to be paid above is not paid within 30 days from the date of issue of Letter of Acceptance, the Tender / Contractor already accepted shall be considered as cancelled and legal steps be taken against the contractor for recovery of the amounts.

I. The amount of Security Deposit retained by the MCGM shall be released after expiry of period up to which the contractor has agreed to maintain the work in good order is over. In the event of the contractor failing or neglecting to complete the rectification work within the period up to which the contractor has agreed to maintain the work in good order, the amount of security deposit retained by MCGM shall be adjusted towards the excess cost incurred by the Department on rectification work.

II. Action when whole of security deposit is forfeited:

In any case in which under any Clause of this contract, the contractor shall have rendered himself liable to pay compensation amounting to the whole of this security deposit whether paid in one sum or deducted by installments or in the case of abandonment of the work owing to serious illness or death of the contractor or any other cause, the Engineer on behalf of the Municipal Commissioner shall have power to adopt any of the following process, as he may deem best suited to the interest of MCGM -

- (a) To rescind the contract (for which recession notice in writing to the contractor under the head of Executive Engineer shall be conclusive evidence) and in that case, the security deposit of the contract shall stand forfeited and be absolutely at the disposal of MCGM.
- (b) To carry out the work or any part of the work departmentally debiting the contractor with the cost of the work, expenditure incurred on tools and plant, and charges on additional supervisory staff including the cost of work-charged establishment employed for getting the un-executed part of the work completed and crediting him with the value of the work done departmentally in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to the costs and other allied expenses so incurred and as to the value of the work so done departmentally shall be final and conclusive against the contractor.
- (c) To order that the work of the contractor be measured up and to take such part thereof as shall be un-executed out of his hands, and to give it to another contractor to complete, in which case all expenses incurred on advertisement for fixing a new contracting agency, additional supervisory staff including the cost of work charged establishment and the cost of the work executed by the new contract agency will be debited to the contractor and the value of the work done or executed through the new contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to all the cost of the work and other expenses incurred as aforesaid for or in getting the un-executed work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor.

In case the contract shall be rescinded under Clause (a) above, the contractor shall not be entitled to recover or be paid any sum for any work therefor actually performed by him under this contract unless and until the Executive Engineer shall have certified in writing the performance of such work and the amount payable to him in respect thereof and he shall only be entitled to be paid the amount so certified. In the event of either of the courses referred to in

Clause (b) or (c) being adopted and the cost of the work executed departmentally or through a

new contractor and other allied expenses exceeding the value of such work credited to the contractors amount of excess shall be deducted from any money due to the contractor, by MCGM under the contract or otherwise, howsoever, or from his security deposit or the sale proceeds thereof provided, however, the contractor shall have no claim against MCGM even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses, provided always that whichever of the three courses mentioned in clauses (a), (b) or (c) is adopted by the Executive Engineer, the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchase or procured any materials or entered in to any engagements or made any advance on account of or with a view to the execution of the work or the performance of the contract.

D.Contract may be rescinded and security deposit forfeited for bribing a publicofficer or if contractor becomes insolvent

If the contractor assigns or sublets his contracts or attempt so to do, or become insolvent or commence any proceeding to get himself adjudicated and insolvent or make any composition with his creditors, or attempt so to do or if bribe, gratuity, gift, loan, perquisite, reward or advantage, pecuniary or otherwise, shall either directly or indirectly be given promised or offered by the contractor or any of his servants or agents through any public officer, or person in the employ of MCGM/Govt. in any way relating to his office or employment, or if any such officer or person shall become in any way directly or indirectly interested in the contract the Engineer In-charge may thereupon, by notice in writing rescind the contract and the Security Deposit of the Contractor shall thereupon stand forfeited and be absolutely at the disposal of MCGM and the same consequences shall ensure as if the contract had been rescinded under above clause J hereof; and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

Note:1)The unified colour scheme shall be got approved from Dy.M.A. (SIC) before commencement of work.

- 2) Contractor shall submit pre painting survey report from the paint company and submit methodology for the same.
- 3) Contractor shall submit post painting report from paint company with warranty certificate.

 10. Repairing of existing windows safety grills and providing new wherever require.
 11. Providing new Ms-Grill on compound wall.
 12. Site Development by proving new 60& 80 mm thick paver block.
 13. Repair & Renovation of toilet blocks along with waterproofing.
 14. Providing handicap toilet at ground floor.
 15. Removing and providing entire drainage system of the toilet block.
 16. Plumbing, drainage line work & storm water drain work.
 17. Providing all rain water pipes.
 18. Providing and laying PCC in foundation/encasing for Inspection chambers, Drainage line.
 19. Making new sewerage chambers and laying stoneware pipes in proper slope to deliver solid waste to manhole near compound.
 20. **Anti-termite treatment** to the periphery of the building, internal of building, inspection chambers & doors.
 21. **Misc:** Providing Notice boards and Soft Boards.
 22. Providing new cup-boards in all class rooms.
 23. Repair and provided new non-asbestos high impact polypropylene reinforced cement of structure 2.
 24. Removing the existing old / damaged paint and repainting the same of internal and external walls.
 25. Repairs of U.G. tank.
 26. Proposed rain water harvesting.
- **Electrical work and Fire-Fighting works:**
1. Providing and fixing new electrical wiring in the school building.
 2. Providing and Installing potable Pumps for water supply.
 3. Providing and Fixing Electrical accessories (i.e. Fan, Tube lights etc.)
 4. Providing and Fixing Electrical Switchgears.
 5. Providing and Fixing fire extinguishers.

6. Installation & providing safety majors to electrical wiring, i.e. earthing, ELCB, MCB's etc.

2.2. The entire work in this Tender are divided into different parts depending on the different types of work involved. However, this broad classification is for mere guidance only. Actual work shall be as described in the Drawings, Specification and Bill of Quantities and as instructed at site from time to time.

3. SPECIAL PRECAUTIONS:

1. The Contractor shall carry out the work in a manner which will not affect the adjoining structures and their activity in neighborhood. Despite this, if some disturbance is inevitable due to the very nature of any particular item of work, the contractor shall give previous intimation in writing to the Engineer to enable the Employer to organize his matters suitably.
2. During the work at site the approach to and exit from the plot for school building should be adequately protected and also should be free of building materials, debris, machinery, tools, plant etc., so that free access without any hindrance is available for the movement of labours / PMC staff/ SIC staff /other users and their vehicles. At the same time special care has to be taken while storing these items elsewhere so that no overloading takes place. All the storing will have therefore to be necessarily done on approval from the Engineer.
3. Since work will have to be carried out at all heights and in all seasons abundant care and precautions will have to be taken by the contractor to prevent any falling objects from top endangering people and objects below. Necessary safety nets, barricading, etc are also to be provided.
4. Conventional mode of supporting scaffolding by use of elements in the existing structure shall not be permitted under any circumstances. The Contractor must support the scaffolding independent of the structure.
5. In general the work shall be carried out in a manner as not to adversely affect neighboring structures and activities should be carried out with minimum disturbance, noise, dust, vibrations, shocks etc. While working during odd hours, care has to be taken to see that occupants of neighboring buildings are not put to any inconvenience due to noise, bright light etc.
6. The Contractor must follow provisions of safety manual as indicated in tender document and / as directed by the Engineer. The Contractor shall ensure provision of safety belts, helmets, etc. for people working at site. He must also take all precautions against fire / electrical hazards.

4. RECORDS & CO-ORDINATION:

Necessary registers as maintained by the PMC Engineer/MCGM Engineer as case may be at site as directed by the M.C.G.M. Engineer and the same shall be duly signed by the Contractor and his Engineer. Such registers shall include but not limited to list of dismantled objects/items to be handed over to the MCGM's authorities.

SECTION 9

BILL OF QUANTITIES

PREAMBLE

1. GENERAL:

- 1.1. The quantities set-forth in the Bill of Quantities are approximate only and are intended to represent the character of the work to be carried out and are given to provide a common basis for tendering. There is no guarantee to the Contractor that he will be required to carry out the quantities of work indicated under any one particular item or group of items in the Bill of Quantities, though on the Contract as a whole the quantities represent a fair overall estimate of the quantity of work to be carried out. Actually, this being a repair and up gradation job, the quantities are likely to vary during execution and even, substantially for “structural repair” items. The rate payable shall be only tendered rates without any extra payment.
- 1.2. Specifications for the various items are indicated in the tender. Without prejudice to these specifications, in case of any contradictions or in case of any omissions, the provisions in the relevant specifications in the concerned Indian Standards shall prevail.

2. RATES AND PRICES (GENERAL):

2.1. Rates quoted by the Contractor shall allow for

- All materials, testing of materials
- All labour, supervision
- All tools, plant, necessary machinery, equipment etc.
- All taxes, levied by State / Central Government i.e. GST 2017.
- Shuttering, centering and scaffolding including propping etc. as required including their transport to site loading, unloading, storage and carriage to the required locations.
- Removal of debris comprising dismantled materials like concrete, plaster, brick bats, all surplus construction materials, tools, plant etc. outside the Employer's premises.
- Any cost for arranging for any permissions etc.
- Monthly photographic record of progress of works. Photographs to be taken as directed by Engineer.

- 2.2. The rates quoted by the tenderer shall be inclusive of all the taxes levied by State/Central Govt. and/or any other authorities. The rates shall also be inclusive of **Goods and Services Tax (GST) etc.**

3. METHOD OF MEASUREMENT:

3.1. Civil Works

3.1.1 Unless stated otherwise, quantities shall be measured in accordance with the relevant parts of IS 1200, "Method of Measurement of Building and Civil Works" and are net as they are finished and fixed in the Works notwithstanding any general or local custom except where otherwise specifically described or prescribed in the Contract.

3.1.2 In the event of any discrepancy noted in the methods prescribed in the Contract, the same shall be pointed out by the Contractor prior to executing the item for the decision of the **Engineer**.

3.1.3 Waterproofing –

The actual net area in plan covered by the treatment shall be measured. (No watas shall be measured separately.

- Water proof cement paint actual plastered area shall be measured for payment No allowance for girth shall be paid.
- Earth work PCC lines shall be measured for payments, No work space shall be considered for payment.

3.2. Special Treatment

3.2.1 Polymer based treatment

Work shall be measured in area superficial as specified in the Bill of Quantities. The actual area covered by the specific treatment would only be measured irrespective of the area actually opened out for executing the work.

3.2.2 Cement based / Polymer based pressure grouting

Only weight of cement will be measured in Kg and paid accordingly. No filler material will be measured.

3.2.3 Super fluid micro-concrete

Only weight of grout powder (upto 3 decimal) will be measured in Kg and paid accordingly. No filler material will be measured.

NOTE ON BILL OF QUANTITIES

1. It is specifically to be noted and understood by the tenderer that rates that would be quoted by him against all relevant items in different section of the Bill of Quantities shall be inclusive of following –

- All materials, labour, plant, machinery, tools, tackles, etc.
- Insurance of the Work
- Costs for water (if not available in MCGM's source) & power required for the construction & getting connection for the same
- All prevailing taxes including Good and Services Tax (GST)
- Testing of material as per IS.
- Re-handlings of material due to site constraints/space of storage, running school activities, removing of sundry item required for completion of items.

2. Preferred make/ List of Material :

Tenderer's quoted rates shall be based on preferred makes/ List of material as indicated in "MCGM Schedule OF Rates and Volume- I of tender document.

3. Scheme for execution : The tenderer should append the scheme for execution considering site constraints e.g. storage of materials, working hours since Works is to be done in an area which has occupied ongoing school activities.

4. Record keeping of refixing / disposing of material :

The Contractor should keep refixing material in safe custody and should maintain upto date record of material removed / refixed & handed over to the M.C.G.M. All usable material shall be used after approval of the Engineer. For disposal of scrap prior approval of Engineer will be obtained.

Contractor's All Risk Insurance Policy (CAR Policy) as specified in the Volume I of tender document. The above policy should also include Third Party Insurance and shall also submit Workmen's Compensation Insurance for the Contract period as per prevailing rules.

MUNICIPAL CORPORATION OF GREATER MUMBAI

Proposed Repairs & Upgradation of Dalvi Plot Municipal Hindi School, Ram Nagar at Kandivali
(E) R/S Ward, Mumbai. 400101

SUMMARY OF TENDERED COST

SR. NO.	PARTICULARS		AMOUNT	
1	PART - I	CIVIL REPAIR WORK		
	A)	ENABLING WORK - DISMANTLING & DEMOLUTION	Rs.	1078472.00
	B)	BRICK WORK	Rs.	354469.00
	C)	EXCAVATION & SOLING	Rs.	151765.00
	D)	STRUCTURAL REPAIR WORK	Rs.	113830.00
	E)	RCC WORK	Rs.	1058812.50
	F)	PLASTERING	Rs.	1209087.00
	G)	PAVOR/FLOORING WORK	Rs.	3771703.00
	H)	DOORS & WINDOWS	Rs.	1158072.00
	I)	WATER PROOFING WORK	Rs.	149998.00
	J)	PAINTING WORK	Rs.	437251.00
	K)	IRON WORK	Rs.	1590471.60
	L)	PUBLIC HEALTH WORK	Rs.	497351.00
	M)	MISCELLANEOUS WORK	Rs.	956453.00
	N)	HARDWARE	Rs.	37820.00
	O)	RAIN WATER HARVESTING	Rs.	91639.75
		COST OF CIVIL REPAIR WORK	Rs.	12657194.85
			Say	12657195.00
2	PART - II	ELECTRICAL WORK	Rs.	1312015.00
		TOTAL (CIVIL + ELECTRICAL)	Rs.	13969210.00
		LESS REBATE IN CIVIL	Rs.	-58279.50
		LESS REBATE IN ELECTRICAL	Rs.	-18885.00
		TOTAL COST OF CIVIL & ELECTRICAL WORK	Rs.	14046374.50

MUNICIPAL CORPORATION OF GREATER MUMBAI

Proposed Repairs & Upgradation of Dalvi Plot Municipal Hindi School, Ram Nagar at Kandivali (E) R/S Ward, Mumbai. 400101

CIVIL WORK**Schedule of Quantities & Rates**

ITEM CODE	DESCRIPTION	QTY	UNIT	RATE	AMOUNT	
A	ENABLING WORK - DISMANTLING & DEMOLUTION					
	<p>NOTES :- The work of demolishing, cutting down, dismantling, etc. includes propping wherever required, removing the serviceable material anywhere within the City as directed, stacking the same suitable or as detailed in individual items and carting away all unserviceable materials and debris from site, which will become contractor's property. The amount should include cost for carrying out any other unforeseen items required for the proper execution of the work. The contractor will have to put up a proper and sufficient hoarding, screen and fence during the time as may be necessary for the safety and convenience of the inmates of the existing buildings and maintain the same in the good condition during demolition and where necessary cause such hoarding or fence to be well lighted during the night to prevent accidents. Contractor will have to make good without any extra payment any damage done during construction.</p>					
1	R2- CS- DD-15	Dismantling steel work manually/ by mechanical means in built up sections without dismembering and stacking within 50 metres lead as per direction of Engineer-in-charge.	2550.00	Kg	2	5100.00

2	FA-18-SIC-GN-12	Removing, repair & refixing of M.S. collapsible gate of approved make including all fixtures & fastening, M.S. guides, rollers, locking arrangement as directed on both sides, sides fill with ball bearing, painting two coats of epoxy based paint over epoxy primer completed in all respect & all sizes. Removing, repair & refixing of M.S. collapsible gate of approved make including all fixtures & fastening, M.S. guides, rollers, locking arrangement as directed on both sides, sides fill with ball bearing, painting two coats of epoxy based paint over epoxy primer completed in all respect & all sizes.	69.00	sqmt	1179	81351.00
3	R2-CS-RW-10	Removing Existing Mangalore tiles / AC / GI / Galvalume Sheets from roof / cladding / partitions etc., excluding supporting structure but including scaffolding, orting, sorting and stacking at site lead up to 150m and or disposing etc complete as directed	864.00	Sqm	98	84672.00
4	R2-CS-DD-2	Demolishing R.C.C. slab, R.C.C. wall of any thickness, R.C.C.beams, joists, R.C.C. columns, piles, pile caps etc., in any thickness and size manually/ by mechanical means including stacking of steel bars and disposal of unserviceable material within 50 metres lead as per direction of Engineer - in- charge.	1.00	Cum	1837.00	1837.00
5	R2-CS-DD-37-a	Removing drain pipes (soil, waste, water, ventilating and rain water pipes) of any size, with all fittings. 75 to80 mm dia	17.00	Rmt	43	731.00
6	R2-CS-DD-38-a	Removing G.I.pipes of any size with all fittings complete.	86.00	Rmt	84	7224.00
7	R2-CS-PS-167-d	Dismantling of old S.W. pipes including breaking of joints and bed concrete stacking of useful materials near the site within 50 m lead and disposal of unserviceable materials into municipal dumps :- 250 mm diameter	67.00	Rmt	63	4221.00
8	R2-CS-DD-	Removing drain pipes (soil, waste, water, ventilating and rain water pipes) of any size, with all fittings.	18.00	Rmt	44	792.00

	37-b	100 mm dia				
9	R2- CS- DD-64	Removing mosaic, cement marble, granites non-slippery, tandur, kotah, shahabad stone or Indian Pattern stone, glazed tiles in flooring and dado including bedding brick bat coba etc., and delivering materials in Ward Office and carting away unserviceable materials.	2241.00	Sqm	240	537840.0 0
10	R2- CS- DD-65	Removing cement plaster of any finish from the wall, complete with racking out the joints to a depth of 20 mm.	2134.00	Sqm	147	313698.0 0
11	R2- CS- DD-71	Removing existing door or windows with frame and shutters and making good etc. to the existing surface.	34.00	Nos	563	19142.00
12	R2- CS- DD-82	Removing existing R.C.C. jallies of any design & deposit to ward store complete.	6.00	Sqm	97	582.00
13	R2- CS- DD-54	Cutting down masonry work in lime or cement mortar including plaster etc. complete.	12.00	cumt	531	6372.00
14	R2- CS- RM-37	Removing dry or oil bound distemper, water proofing cement paint and the like by scrapping, sand papering and preparing the surface smooth including necessary repairs to scratches etc. complete.	1065.00	sqmt	14	14910.00
		TOTAL COST OF ENABLING WORK			A	1078472.0 0
	B	BRICK WORK				
		Note: 1) ordinary clay bricks of any brand conforming to IS 1077 shall be used. Crushing strength shall not be less than 35 kg/sq.cm. and its water absorption shall not be more than 25% for bricks used in panel walls and 20% for load bearing walls. Tolerances in dimensions of bricks shall be allowed only in conformity with I.S. 1077. 2) All 230 mm brick masonry shall be plumb from out side and done with scaffolding. 3) For wall surfaces of brick partitions (rates of which includes cost of plaster on both sides), if dado or skirting is provided at such places, deduction for cost of corresponding plaster item will be				

		made.				
15	R2- CS- MW- 3-c	Brick work with common burnt clay F.P.S. (non modular) bricks of class designation 3.5 and above in superstructure above plinth level upto floor five level in all shapes and sizes in : : Cement mortar 1:6 (1 cement : 6 coarse sand)	31.00	Cum	6706	207886.00
16	R2- CS- MW- 19	Random rubble masonry with hard stone in superstructure above plinth level , including leveling up with cement concrete 1:6:12 (1 cement : 6 coarse sand : 12 graded stone aggregate 20mm nominal size) at window sills, ceiling level and the like. Cement mortar 1:6 (1 cement : 6 coarse sand)	27.00	Cum	5429	146583.00
TOTAL COST OF BRICK WORK					B	354469.00
C EXCAVATION & SOLING						
17	R2- CS- EW-3	Excavation for foundation, substructures, basements, tanks, sumps, walls, chambers, manholes, trenches, poles, pits & general building works in soft/ disintegrated rock, sand stone, stiff clay, gravel, cobblestone, hard laterite, water bound macadam, wet mix macadam, asphalt mix carpet of any type, pitching, soling, paths and hardcore, lime concrete, plain cement concrete, stone masonry and all types of brick/ block masonry below ground level, rock boulders, etc. for depths/ lifts upto 1.5M measured from the ground level, including dressing/ trimming the sides, leveling of bottoms, manual dewatering, removing rank vegetation, backfilling in layers not more than 200mm thickness, watering, consolidating, compacting to achieve not less than 97% Modified Proctor density conforming to relevant IS, stacking in measurable heaps for future use within owners space or disposing within an initial lead of 150m as directed, loading, unloading, leveling excluding shoring, strutting etc. complete as directed by Engineer-in-Charge. Note:	205.00	Cum	500.00	102500.00

		1) The rate includes the handling/supporting the existing utilities such as cables, drains, pipes, water mains etc. 2) It also includes the royalty and other taxes if any.				
18	R2- CS- EW-11	Filling in plinth, floors, trenches, pits with approved excavated materials, murum / good earth in layers not exceeding 200mm including breaking of clods, watering, consolidating each layer in filled up area by rolling and compacting with roller/ plate compactor as required to achieve not less than 97% modified proctor density conforming to relevant IS etc. complete as directed by Engineer In charge. Note: 1) The rate includes the royalty and other taxes if any.	1.00	Cum	183.00	183.00
19	R2- CS- EW-26	Providing & Laying dry stone Rubble Soling with average 230 mm size hard stone set in regular lines, handpacked and interstices thoroughly filled with small chips including filling in with good quality murum brought from outside, compacting with iron rammers, watering, sand spreading 12mm thk. layer of grit on top etc complete as directed by Engineer In Charge. (Note: The rate includes the royalty and other taxes if any)	22.00	Cum	2,231.00	49082.00
		TOTAL COST OF EXCAVTION & SOLING			C	151765.00
	D	WATER PROOFING WORK				
20	R2- CS- CW- 54	Chipping /removing loose concrete upto reinforcement bars, without damaging the reinforcement, removing all the loose materials and to make all the exposed surfaces free from oil, dust and all impurities etc complete	20.00	Sqm	236.00	4720.00

21	R2- CS- CW- 56	Providing and applying Ready mix Polymer modified cement mortar of average thickness 15mm using Polymer in one or more layers in proportion 1:5:15 of Polymer Cement Quartz Sand as manufacturer's specifications in specific layers, curing the surface after 72 hours of application with wet gunny bags etc and by finishing the surface with 12mm thick (1:3) Cement sand plaster.	20.00	Sqm	2782.0 0	55640.00
22	R2- CS- CW- 57	Providing and applying Ready Mix Polymer modified cement mortar of average thickness 30mm using Polymer in two layers in proportion 1:5:15 of Polymer Cement Quartz Sand as manufacturer's specifications in specific layers, curing the surface after 72 hours of application with wet gunny bags etc and by finishing the surface with 12mm thick (1:3) Cement	10.00	Sqm	5281.0 0	52810.00
23	R2- CS- CW- 55	Removing corrosion of steel Reinforcement by mechanical means like wire brushing, chipping to remove loose rust and then applying rust removal solution by using brush application, leaving the surface for at least 15 to 30 minutes, then removing loose materials by scrubbing or with brush and applying polymer bond to the old concrete surface before applying Polymer mortar.	20.00	Sqm	33.00	660.00
TOTAL COST OF STRUCTURAL REPAIR					D	113830.00
E		RCC WORK				
24	R2- CS- CW-1- b	Providing and laying in position plain cement concrete of specified grade with trap/ granite/ quartzite/ gneiss metal mixing in concrete mixer including bailing out water, compacting, finishing surface, curing and including the cost of centering and shuttering at all level: Nominal Mix of 1:2:4 (1 cement : 2 coarse sand : 4 graded stone aggregate 20 mm nominal size)	118.00	Cum	6821.00	804878.00

25	R2- CS- CW- 35-b	Supply, cut, bend and fix in position High Yield strength Deformed bars for all diameters confirming to IS 1786, including tying with binding wire(16 SWG Annealed wire) or welding, tested steel reinforcement for all reinforced concrete of all locations and levels including transporting, handling etc complete. no seperate payment for chairs, laps, wastage and binding wire will be made.	1.50	MT	73279.0 0	109918.50
26	R2- CS- CW-5- b	Providing, hoisting and fixing at all level precast reinforced cement concrete in small lintels not exceeding 1.5m clear span up to all level including the cost of required centering, shuttering and reinforcement, with 1:1.5:3 (1 cement : 1.5 coarse sand : 3 graded stone aggregate 20mm nominal size).	5.00	CUM	12064.0 0	60320.00
27	R2- CS- CW-7- a	Providing and laying in position ready mixed design mix M-20 grade cement concrete for reinforced cement concrete work, using cement content as per approved design mix, including pumping of concrete to site of laying and the cost of centering, shuttering, finishing and excluding reinforcement, including admixtures in recommended proportions as per IS: 9103 to accelerate, retard setting of concrete, improve workability without impairing strength and durability as per direction of Engineer-in-charge. The Mix design as per particular specifications shall be got approved by Engineer-in-Charge before execution of the item. The rate shall include cost of all specified materials and operations at all levels and heights, including the cost of centering, shuttering and excluding reinforcement which shall be paid under relevant item. (Note :- Cement content considered in this item is @ 300 kg/cum as per IS 456 table showing minimum cement content. No extra will be paid nor any amount will be recovered on account of variation of cement in mix design as per specifications for All	2.00	Cum	7515.00	15030.00

		works (including Centering & Shuttering) Foundations, footings, bases of columns, rafts, pilecap				
28	R2- CS- CW-7- d	Providing and laying in position ready mixed design mix M-20 grade cement concrete for reinforced cement concrete work, using cement content as per approved design mix, including pumping of concrete to site of laying and the cost of centering, shuttering, finishing and excluding reinforcement, including admixtures in recommended proportions as per IS: 9103 to accelerate, retard setting of concrete, improve workability without impairing strength and durability as per direction of Engineer-in-charge. The Mix design as per particular specifications shall be got approved by Engineer-in-Charge before execution of the item. The rate shall include cost of all specified materials and operations at all levels and heights, including the cost of centering, shuttering and excluding reinforcement which shall be paid under relevant item. (Note :- Cement content considered in this item is @ 300 kg/cum as per IS 456 table showing minimum cement content. No extra will be paid nor any amount will be recovered on account of variation of cement in mix design as per specifications for All works (including Centering & Shuttering) Lintels, beams, plinth beams, girders, floor beam, coping.	2.00	Cum	9556.00	19112.00

29	R2- CS- CW-7- e	Providing and laying in position ready mixed design mix M-20 grade cement concrete for reinforced cement concrete work, using cement content as per approved design mix, including pumping of concrete to site of laying and the cost of centering, shuttering, finishing and excluding reinforcement, including admixtures in recommended proportions as per IS: 9103 to accelerate, retard setting of concrete, improve workability without impairing strength and durability as per direction of Engineer-in-charge. The Mix design as per particular specifications shall be got approved by Engineer-in-Charge before execution of the item. The rate shall include cost of all specified materials and operations at all levels and heights, including the cost of centering, shuttering and excluding reinforcement which shall be paid under relevant item. (Note :- Cement content considered in this item is @ 300 kg/cum as per IS 456 table showing minimum cement content. No extra will be paid nor any amount will be recovered on account of variation of cement in mix design as per specifications for All works (including Centering & Shuttering) Columns, Pillars, Piers, Posts and Struts.	3.00	Cum	11184.0 0	33552.00
30	R2- CS- CW- 18	Extra and over for providing richer RMC of M-35 grade cement concrete instead of M20 (Note :- Cement content considered in this item is @ 350 kg/cum as per IS 456 table showing minimum cement content.)	7.00	Cum	798.00	5586.00
31	R2- CS- CW-6- b	Providing precast cement concrete Jali of Nominal Mix 1:2:4 (1 cement : 2 coarse sand : 4 graded stone aggregate 6mm nominal size) reinforced with 1.6 mm dia mild steel wire including centering and shuttering, roughening cleaning, fixing and finishing in cement mortar 1:3 (1 cement: 3 fine sand) etc. complete excluding plastering of the jambs, sills and soffits. 50 MM Thk	6.00	Sqm	1736.00	10416.00

		TOTAL COST OF RCC WORK			E	1058812.50
	F	PLASTERING				
32	R2- CS- PL-09- c	Providing and applying 20 mm thick internal plaster with neeru finish (wall)	597.00	Sqm	516.00	308052.00
33	R2- CS- PL-05	Providing and applying 12 mm thick internal plaster in cement mortar 1:3 with neeru finish at all heights and locations in one coat for masonry (except stone masonry) and concrete surfaces including racking out joints, hacking of concrete surface, watering, finishing, curing, scaffolding etc. complete.	122.00	Sqm	361.00	44042.00
34	R2- CS- PL-17- c	Providing and applying 25 mm thick external sand faced cement plaster with neat cement rendering upto 10m from ground level and at all locations in cement mortar proportion specified below in two coats for masonry (except stone masonry) and concrete surfaces including providing water proofing compound to the first coat of plaster as per manufacturers specification, racking out joints, hacking of concrete surface, finishing, curing, scaffolding etc complete as directed By Engineer In Charge. Min. time lag between two coats shall be 24 hours.(as per IS 2402 of 1963.)In Cement mortar 1:3	1458.00	Sqm	561.00	817938.00
35	R2- CS- PL-35	Extra for providing and mixing polypropylene fibers in mortar of internal and external plaster. The dose of 6mm long fibers shall be 125gms per 50 kg of cement bag or as per the manufactures specifications etc complete as directed by Engineer In Charge	50.00	Kg	65.00	3250.00
36	R2- CS- CH-5	Ruled /Flush pointing on White/Red sand stone masonry surface with lime, surkhi and marble dust mortar in the ratio of 1:1.5:1/2 {One lime: 1.5 surkhi (50% red and 50% light yellow surkhi):1/2 marble dust}. (The rate is inclusive of all materials & labours involved except scaffolding).	165.00	Sqm	217.00	35805.00
		TOTAL COST OF PLASTERING WORK			F	1209087.00
	G	PAVOR/FLOORING WORK				

		Note :-				
		1) The proportion of any flooring tiles is 1:4 in cement mortar, 40 mm thick cushioning with cement float.				
		2) Backing coat for dado shall be in C.M. 1:3, 20mm thk average unless otherwise specified.				
		Rates for respective items shall include for these additional specifications:-				
		3) The contractor has to take delivery of the materials either on truck delivered to site or from site godown as instructed & include in his rates cost of handling, taking delivery and transporting of the materials within site as required and also from godown to place of installation. Contractor has also to incl. in rates all kind of wastage of material, breakage, hand cutting, machine cutting while fixing, cleaning etc, and nothing extra will be paid for the same.				
		4) The Contractor has to lay and fix the Slabs or Tiles as per detailed pattern of flooring and/or dado work etc., in colour combination and foMtr.ation as per detailed drawing. nothing extra will be paid for the same over and above the conventional pattern.				
		5) Samples of all tiles,Kotah stone and other flooring materialsrequired to be procured by the Contractor shall be submitted for approval of the Architect before bulk supply is ordered /obtained.				
		6) Rates quoted shall include for grooves, chamfered edges (mitred joints), recesses in wall cladding,column cladding, leaving openings, toothings, holes etc., required to be provided for executing the work as per design and pattern. Contractor should prepare samples for approval of Architect as per pattern if any.				
		7) nothing extra will be paid for laying the tiles, stone slabs etc., in				

		required slopes as in ramps and in narrow widths.				
		8) Rates quoted for dado work and skirting shall include for making good the top junction plaster including smooth finish.				
		9) Items given in the schedule of this section applies to all positions and in all floors and at all heights. Lift of materials & scaffolding, will not foMtr. any criteria for extra payment.				
		10) The thickness of Kotah stone, glazed tiles, ceramic tiles, vitrified tiles. pre-cast cement tiles, pre-cast marble mosaic tiles etc., to be used are specified in the respective items. If any of these are not available in the thickness specified, the Contractor should stipulate the thickness proposed, while quoting for the item.				
37	R2- CS- FL-38- d	Providing and fixing polished natural stone slab as specified below of approved quality, pattern and colour for treads including preparing the surface and levelling in the desired line, in cement mortar 1:4, cement float, machine cutting, leveling, jointing, smooth cement plastering along the sides to match the existing surface in cement mortar 1:3, filling the joints with neat cement or pigment mixed with cement, polishing, finishing, curing etc complete as directed by Engineer In Charge.Kota stone for width upto 300 mm	72.00	Rmt	664.00	47808.00
38	R2- CS- FL-01- c	Providing and laying polished natural stone as specified below (Machine cut) of an approved quality and size for paving /flooring in plain and/or diamond /approved pattern including cement mortar bedding of 25 mm thick in 1:4 proportion, cement float, machine cutting, dressing, leveling, jointing, filling the joints with neat cement slurry or with required pigmentmachine polishing at site, curing, finishing, etc complete as directed by Engineer In Charge. 25 to 30 mm thk. Kota stone of size	591.00	Sq.mt	1179.00	696789.00

		0.430m x0.56m (17"x22")				
39	R2- CS- FL-21- d	Providing and fixing polished natural stone tiles /slab 15 to 20mm thk. Kota stone for height upto 150 mm of approved quality, pattern and colour for flush/ projected skirting and risers including preparing the surface and levelling in the desired line, backing of 20 thk. cement mortar in porportion 1:3, square cut top edge or chamfered top edge in cement mortar 1:3, cement float, machine cutting, leveling, jointing, filling the joints with neat cement or pigment mixed with cement, polishing, finishing, curing etc complete as directed by Engineer In Charge	20.00	Rmt	234.00	4680.00
40	R2- CS- FL-07- d	Providing and laying 8mm thk. ceramic tiles Dark coloured antiskid / matt ceramic tiles conforming to I.S.15622-2006 for flooring of an approved, quality, make, size and pattern /design, for flooring including cement mortar bedding of 25 mm thick in 1:4 proportion, neat cement float, cutting, leveling, jointing, filling the joints by neat cement slurry or approved colour grout, curing, finishing etc complete as directed by Engineer In Charge.	87.00	Sqm	1701.00	147987.00
41	R2- CS- FL-32- b	Providing and fixing Dark coloured glazed ceramic tiles 8mm thk. ceramic tiles as specified below conforming to I.S. 15622-2006 of approved quality, pattern and colour for dado in the wet area including preparing the surface and levelling in the desired line, backing of 20 thk. cement mortar in porportion 1:3 with approved waterproofing compound, square cut top edge or chamfered top edge in cement mortar 1:3, cement float, machine cutting, leveling, jointing, filling the joints with neat cement slurry or approved colour grout, finishing, curing etc complete as directed by Engineer In Charge.	310.00	Sqm	1770.00	548700.00

42	R2- CS- FL-8-d	Providing and laying 600 x 600 x 8 mm thk. vitrified tiles as specified below conforming to I.S.15622-2006 with water absorption less than 0.08% for flooring of an approved, quality, make and pattern /design for flooring including cement mortar bedding of 25 mm thick in 1:4 proportion, cutting, leveling, jointing, filling the joints by neat cement slurry or approved colour grout, curing, finishing etc complete as directed by Engineer In Charge. Dark coloured antiskid / matt vitrified tiles	142.00	Sqm	1608.00	228336.00
43	R2- CS- FL-64	Providing and fixing 8mm thk. vitrified tiles as specified below conforming to I.S. 15622-2006 with water absorption less than 0.08% and of approved quality, pattern and colour for dado in the dry area including preparing the surface and levelling in the desired line, backing of 20 thk. cement mortar in proportion 1:3, square cut top edge or chamfered top edge in cement mortar 1:3, cement float, machine cutting, leveling, jointing, filling the joints with neat cement slurry or approved colour grout, finishing, curing etc complete as directed by Engineer In Charge. Light coloured glazed vitrified tiles/ Dark coloured glazed vitrified tiles/ Light coloured antiskid / matt vitrified tiles/ Dark coloured antiskid / matt vitrified tiles	361.00	sqmt	1672.00	603592.00
44	R2- CS- FL-44- b	Providing and fixing all sides polished natural stone as specified below of approved quality, pattern, colour and thickness for door and window frames / architraves including preparing the surface and levelling in the desired line, machine cutting, jointing in approved adhesives, leveling, smooth cement plastering along the sides to attach the existing surface in cement mortar, filling the joints with pigment mixed with cement, cleaning, finishing, curing etc complete as directed by Engineer With green marble	360.00	Rmt	502.00	180720.00
45	R2- CS- FL-44-	Providing and fixing all sides polished natural stone as specified below of approved quality, pattern,	512.00	Rmt	566.00	289792.00

	d	colour and thickness for door and window frames / architraves including preparing the surface and levelling in the desired line, machine cutting, jointing in approved adhesives, leveling, smooth cement plastering along the sides to atch the existing surface in cement mortar, filling the joints with pigment mixed with cement, cleaning, finishing, curing etc complete as directed by Engineer With BLACK GRANITE				
46	R2- CS- FL-47- A	Providing and fixing the both face polished 25 to 30mm thk. Kadappa as specified below for shelf including making the slots for support, cutting, jointing in approved adhesives or any other approved means, filling the joints with neat cement motar with neat smooth plastering as required etc. complete as directed by Engineer-In-Charge.	70.00	sqm	1094.00	76580.00
47	R2- CS- FL-43- j	Providing and fixing all sides polished natural stone tiles as specified below of approved quality, pattern, colour and thickness for partition including making the groove in existing cladding/ plaster/ concrete/masonry, machine cutting, leveling, smooth cement plastering along the sides to match the existing surface in cement mortar, filling the joints with neat cement or pigment mixed with cement, cutting for utility pipe in the shape as directed, cleaning, finishing, curing etc complete as directed by Engineer In Charge. 18mm thk. Ruby red, jet black, Hasan green Granite	7.00	Sqm	1897.00	13279.00
48	R2- RW-3- 17	Providing & fixing in the 60mm thick Lacquer coated (Reflective) interlocking grey cement concrete pavers in Red (TerraCotta), Black, Brown, lemon yellow or any colour with vermeticular or any antiskid texture on top surface of approved pattern/shape and colour having average crushing strength not less than 40N/mm ² manufactured in double layer precast concrete blocks as per technical specifications and IS CODE 15658:2006. The top layer of paver block should be 12to15mm	590.00	Sqm	858.00	506220.00

		thick and consisting of cubical shape stone aggregate 8mm size sieve 100% passing and retained on 4.75mm size sieve, silica sand and with pure iron oxide ultravoilete stabilized pigment @5% by weight of cement and should be coated with lacquer having hard, high abrasive resistance and water repellent. The bottom layer should be 45 to 48mm thick having 12 mm size sieve 100% passing aggregate as per technical specifications, placed on average compacted thickness of 25mm well graded sand cushioning uniformly compacted with proper capacity mechanical compactor with required level, grade and camber etc. complete as specified and as directed by the Engineer.				
49	R2- RW-3- 18	Providing & fixing in the carriageway 80 mm thick grey cement concrete Lacquer coated (Reflective) interlocking pavers in Red (Terra Cotta), Lemon Yellow, Bright Yellow or any colour with vermeticular or any antiskid texture on top surface of approved pattern/ shape and colour having average crushing strength not less than 50 N/mm ² manufactured in double layer precast concrete blocks as per technical specifications and IS CODE 15658:2006. The top layer of paver block should be 12 to 15 mm thick and consisting of cubical shape stone aggregate 8 mm sieve 100% passing and retained on 4.75 mm size sieve, silica sand and with pure iron oxide ultra voilete stabilized pigment @ 5% by weight of white cement and should be coated with lacquer having hard, high abrasive resistance and water repellent.The bottom layer should be 65 to 68 mm thick having 12 mm sieve 100% passing aggregate as per technical specifications, placed on average compacted thickness of 25 mm well graded sand cushioning uniformly compacted with proper capacity mechanical compactor with required level, grade and camber etc. complete as specified and as directed	410.00	Sqm	1042.00	427220.00

		by the Engineer				
		TOTAL COST OF PAVIOR WORK			G	3771703.00
	H	DOORS & WINDOWS				
		notes:				
		1) All timber shall be of best of C.P. Teak Wood variety, shall include the cost of french polish/2 coats synthetic enamel paint over a priming coat of an approved make and tint to wood work, hardboard, blackboard and other ancillary work like Iron work etc. in the items. Sizes of doors and windows shall be as per schedules given on plans. Each door frame will have six hold fasts of size 225 mm X 25 mm X 3 mm and 15 cm horns on either side of the frame. Allowance permissible for planing on both side shall be 3 mm for sizes of scantling 5 cm X 5 cm thick planks and above and 1.5 mm thickness for smaller sizes of scantlings. The rate shall also include the cost of 2 coats of anti termite treatment which shall be given to all T.W. before the application of primary coats of paint.				
		(2) Number and sizes of fixtures and fastening for different types of doors and windows shall be as per schedule incorporated in the tender and also conform to drawings.				
		(3) All fixtures and fastenings including the hinges, and eyes shall be of oxidised Brass as per IS specifications.				
		(4) Only brass screws shall be used in respect of all types of hardware.				
		(5) Wooden doors wherever required shall be fitted with wooden stoppers of suitable size fixed with brass oxidised hinges or brass oxidised hook and eye, cost of which shall be included in the rate for respective items.				
		(6) Rates for doors are for a single shutter or double shutter as specified.				

	(7) Orders for the Flush doors shall be placed 3 months in advance. Flush doors shall conform to IS:2202 of 1966 made up of phenol bonded adhesive and 5 ply. (with central core and 2 veneer ply on either side of central core as specified in IS).				
	(8) All aluminium sections shall be anodised to 25 microns of approved color.				
	The item-rates for Doors and Ventilators shall include the following:-				
	1) Providing and fixing in position best quality old cut Burma teak frame of specified size finished, for doors including providing and applying two coats of red oxide paint to all hidden surfaces of frame in contact with masonry / concrete.				
	2) All flushed doors to be made of 35 mm thk Blockboard, with T.W lipping.				
	3) Providing and fixing M.S. holdfasts to door and window frames made from mild steel, one end of hold fasts shall be bent at right angle and the other shall be split and turned; including painting the holdfasts with one coat of red lead paint.				
	4) The contractor must identify the details of items from drawings.				
	5) The rate shall be inclusive of hinges, tower bolt, handles (as specified in the drawings) locks, Everite (or any other make approved by Architect) floor springs with brushed steel cover plates for pivoted flush door, shutters and other necessary hardware as required. All hardware to be chrome finish unless otherwise specified.				
	7) All glass (in visor panels or openings) will be float glass from Asahi modi (Gujarat) Float or St.Gobain. Unless otherwise specified.				

		8) Glass edges shall be fine finished or polished before fixing with T.W beading. drawings.				
50	R2- CS- AW- 15-a	Providing and fixing anodized (anodic film must not be less than 15 microns i.e. AC -15 as per IS, the anodising must be scaleted by keeping the anodized section in boiling de-anodized water for a period of one hour) aluminum fixed / sliding / pivoted / top hung/ side hung / louvered type windows, doors, ventilators and partitions conforming to IS:1948,1961 with hollow bottom section & standard single/ two/ three/ four track frame section all round (top, bottom and sides) with shutter frame made up of standard handle section standard inter locking section and standard top and bottom section with in fill panel of plain / frosted / tinted glass / Nova pan sheet / acrylic sheet/ hardner laminated sheet as listed below with nylon guides, gliders glass fixing PVC weather strips, neo prene gasket, PVC weep holes etc complete with approved type of locking arrangement, handles and other fixtures including fixing, filling the gaps with silicon sealant, cleaning polishing the aluminium section with petrol and/ or other agents as specified by the manufacturers etc. complete as directed by Engineer In Charge.	1004.00	kg	603	605412.00

51	R2- CS- AW- 15-k	Providing and fixing anodized 6 mm. thick Acrylic sheet (anodic film must not be less than 15 microns i.e. AC-15 as per IS, the anodising must be scaleted by keeping the anodized section in boiling de-anodized water for a period of one hour) aluminum fixed/ sliding / pivoted / top hung / side hung / louvered type windows, doors, ventilators and partitions conforming to IS:1948, 1961 with hollow bottom section & standard single / two / three / four track frame section all round (top, bottom and sides) with shutter frame made up of standard handle section standard interlocking section and standard top and bottom section with infill panel of plain / frosted / tinted glass/ Novapan sheet / acrylic sheet / hardner laminated sheet as listed below with nylon guides, gliders glass fixing PVC weather strips, neoprene gasket, PVC weep holes etc complete with approved type of locking arrangement, handles and other fixtures including fixing, filling the gaps with silicon sealant, cleaning polishing the aluminium section with petrol and / or other agents as specified by the manufacturers etc. complete as directed by Engineer In Charge.	96.00	Sqm	2582	247872.00
52	FA-18- SIC- GN-8	Removing, repairing and refixing existing window shutter with frame with approved filler materials, replacing old hardware such as holdfasts, hinges, tower, bolts, aldrops etc (with brass chrome plated hardware) of approved make complete as directed.	35.00	sqm	1395	48825.00

53	R2- CS- WW- 17-c	Providing and fixing superior quality factory made phenol bonded solid core 35mm thick shutter single leaf flush commercial door shutter of thickness as mentioned below and of approved make conforming to IS: 2202 (Part I, II) with 12mm thk. teak wood lipping all around, 3mm thk. commercial veneer on external face with three coats of french polish and 150mm x 60 mm or 125 mm x 75 mm C.P. teak wood frame without fanlight including, approved fixtures and fastening hooks, eyes, screws and painting the frame and interior side with one coat of primer, putty and two coats of synthetic enamel paint of approved make and colour etc. complete as directed by Engineer in charge.	5.00	Sqm	7032	35160.00
54	R2- CS- PV-03	Providing and fixing to frames 30 mm thick Fibre Glass Reinforced Plastic (FRP) panelled / extruded profiled door shutter of approved colour, brand and manufacture, made with fire - retardant grade unsaturated polyester resin, moulded to 3 mm thick FRP laminate for forming hollow rails and styles, with wooden frame and suitable blocks of seasoned wood inside at required places for fixing of fittings, cast monolithically with 5mm thick FRP laminate for panels conforming to IS: 14856 - 2000 etc complete as directed	22.00	Sqm	3169	69718.00
55	R2- CS- WW- 05-a	Providing and fixing 25mm thick shutter superior quality factory made single or double leaf Phenol Bonded solid core flush door shutters commercial type hot pressed conforming to IS:2202 (Part I,II) 1991 including 12 mm thk teak wood lipping all around with one coat of primer, putty and 2 coats of synthetic enamel paint on both faces etc. complete as directed. (Hinges, aldrip & standard door hardware to be paid separately)	25.00	Sqm	1436	35900.00

56	R2- CS- WW- 02	Providing and fixing best quality C.P. Teak wood frame for doors, windows and ventilators size Less than or upto 50mm x 50mm including intermittent supports if required, all moulding, rebating, jointing, hold fasts of MS flats of minimum size 20 x 3 mm, having length of 150 mm and finishing with 3 coats of French polish or one coat of primer and synthetic enamel paint in two coats as directed etc. complete as directed.	1.00	Cum	115185	115185.00
TOTAL COST OF DOORS & WINDOWS					H	1158072.00
I		WATER PROOFING WORK				
57	R2- CS- WP-34	Providing water proofing treatment to existing RCC overhead tank, basements, lift-pits and other underground structures. The treatment shall be done by giving INJECTIONS wherever necessary with waterproofing compound and cement solution as per tenderer's specifications into the floor & walls upto the full height of structures. All inherent holes, cavities, voids & honeycomb shall be filled up to make the structure consistent, homogenous resistant to water breakages, seepage, dampness and moisture etc. The floor shall then be treated with waterproofing metal coba of 30 mm to 35 mm thick in 1:4 C.S. mortar and walls with first coat of waterproofing plaster as per tenderer's specifications. Finally both floor and walls shall be finished smooth with jointless waterproofing plaster 1:3 C.S. 12 mm to 15 mm thick with water proofing materials as per tenderer's specifications in cement or finished rough to receive tile pavement or dado. The thickness of the treatment shall not be less than 50 mm to 60 mm for floors and 25 mm for walls. (The actual area of the treatment will be	68.00	Sqm	1343.00	91324.00

58	R2- CS- WP-37	Providing waterproofing treatment through specialized agencies as per their specifications to the flooring of water closets, bathrooms, kitchen, nahanies, washing places, sanitary blocks etc. by giving INJECTIONS with cement solution with water proofing compound into the floor slab so as to make it consistent, homogeneous and impervious against leakage, seepage etc. The sunk portion shall then be covered with brickbat waterproof coba in 1:5 c.s. of required thickness with necessary gradient for easy flow of water. Finally the floor shall be covered with joint less waterproof cement plaster in 1:3 c.s. 12 mm to 15 mm thick finished rough for receiving tiles. The average thickness of complete treatment shall not be less than 100 mm. The soil pan area will not be deducted. (After completion of work leakage test shall be carried out after compounding the water for 7 days without any extra cost. The actual treated area will be measured and paid for).	87.00	Sq.m	512.00	44544.00
59	R2- CS- WP-16	Providing and laying APP (Atactic Polypropylene Polymer) modified prefabricated five layer, 3 mm thick water proofing membrane, black finished reinforced with glass fibre matt consisting of a coat of bitumen primer for bitumen membrane @ 0.40 litre/sqm by the same mbrane manufactured of density at 25°C, 0.87 - 0.89 kg/litre and viscocity 70 - 160 cps. Over the primer coat the layer of membrane shall be laid using butane torch and sealing all joints etc., and preparing the surface complete. The vital physical and chemical parameters of the membrane shall be as under : Joint strength in longitudinal and transverse direction at 23°C as 350/300 N/5 cm. Tear strength in longitudinal and transverse direction as 60/80N. Softening point of membrane not less than 150°C. Cold flexibility shall be upto	30.00	sqmt	471.00	14130.00

		- 2°C when tested in accordance with ASTM, D - 5147. The laying of membrane shall be got done through the authorised applicator				
		TOTAL COST OF WATERPROOFING WORK			I	149998.00
	J	PAINTING WORK				
		1. Paints shall be of reputed brands as approved by Architect.				
		2. Number of coats specified in the items are the minimum and any additional coats of paint required to be applied for obtaining the required quality of finish as per the specifications shall be carried out without any extra cost to the Owner and to the satisfaction of the Architect.				
		3. All fittings and fixtures shall be cleaned and kept tidy after painting.nothing extra will be paid for this operation.				
		4.The base coat of primer to be applied will be as per the specifications approved by the Architect and nothing extra will be paid for the same.				
		5. Rates quoted for paint with putty shall include for preparing the surface by thorough sand papering & removing unevenness, pits, and defects, making good the surface with plaster of paris putty. After applying the first coat, all further defects to be rectified with putty well rubbed in. The putty should be prepared as per the special requirements of the paint manufacturers whose paint is to be applied.				
		6. While painting work is being carried out, flooring dado, skirting and other finished works shall be fully protected from being smeared with shall cover for this in his rates and clean the areas after the painting is over, areawise.				

		7. Items in the schedule of this section applies to all positions & in all flrs & at all heights.Lift of material will not foMtr. any criteria for extra payment.				
		8. The scope of painting work described in the items in the Bill of Quantities applies to the work of painting of walls, ceilings, doors etc.				
		9. nothing extra will be paid for the scaffolding required for carrying out internal and external painting irrespective of the heights involved. The contractor should cover for the same in the rates quoted for the respective items even if scaffolding is not mentioned in the item wording.				
		10. Preparing the freshly plastered / repaired/ existing internal wall surface for painting by thorough sand papering and removing unevenness, pits, and defects, making good the surface with plaster of paris putty to the full surface 3 times. After applying the first coat, all further defects to be rectified with putty well rubbed in. The putty should be prepared as per the special requirements of the paint manufacturers whose paint is to be applied.				
60	R2- CS- PN-4-a	Providing and applying first single coat of approved primer and two coats of synthetic enamel paint/flat oil paint of an approved make and colour as per manufacturers specifications to plastered wall surface , at all height and locations as directed including scaffolding, cleaning and preparing surfaces for painting by any approved means etc. complete as directed by Engineer-in-charge.	377.00	sqm	153.00	57681.00
61	R2- CS- PN-3	Providing and applying first single coat of approved primer and two coats of acrylic distemper (oil bound distemper) of an approved make and colour as per manufacturers specifications to any surface, at all height and locations as directed including scaffolding,	750.00	sqm	98.00	73500.00

		cleaning and preparing surfaces for painting with broom by any approved means, etc. complete as directed by Engineer-in-charge.				
62	R2- CS- PN-12- a	Providing and applying first single coat of approved primer and two coats of anti-algal, anti-fungal, By using acrylic based exterior paint an approved make and colour as per manufacturers specifications to any surface, upto 10m height from ground level and at all locations as directed including preparing surfaces for painting by any approved means, watering, scaffolding, cleaning and curing etc. complete as directed by Engineer-in-charge.	1510.00	Sqm	177.00	267270.00
63	R2- CS- PN-1	Providing and applying three coats of White/colour wash to any surface with lime wash prepared from quick lime of best quality by adding blue/colour pigments and glue of approved colour, quality in required quantities at all height and locations as directed including scaffolding, cleaning and preparing surfaces for painting with broom, coir and sand paper if necessary or by any other approved means etc. complete as directed by Engineer-in-charge.	510.00	Sqm	46.00	23460.00
64	R2- CS- RM-45	Painting with synthetic enamel paint of approved brand and manufacture of required colour to give an even shade :One or more coats on old work	236.00	Sqm	65.00	15340.00
		TOTAL COST OF PAINTING WORK			J	437251.00
	K	IRON WORK				

65	R2- CS- SS-04	Providing, detailing, composite fabricating members like Trusses, Ngirders, girders, bracings, supports, purlins, runners, and similar structural steel members fabricated using M.S. hollow tubular steel sections (circular & rectangular pipes), of TATA Structura Make or equivalent conforming to IS 1239 part 1 and 2 and of grade Fe 250 as per specifications and approved fabrication drawings (which are to be prepared by Contractor and got approved from Engineer), including transportation of the same to site, erection of structural steel members for all heights & at all levels, provision of necessary erection bolts, fixing bolts, nuts, washers, cleats, stiffeners, gussets, base plate, and all necessary operations like preheating as per specifications, straightening, bending, cutting, drilling, grinding, machining if specified, welding, grinding, removing the welding burr and preparing surface for painting with wire brush cleaning and applying two coats of epoxy red oxide zinc phosphate primer of 30 microns each and two coats of Epoxy Corrosion Resistant Enamel paint of 30 microns after fabrication including touching up with spray painting after erection etc complete as directed by Engineer	2.80	MT	82427.0 0	230795.60
66	R2- CS- RW- 04	Providing and fixing 6 mm thick Non-asbestos high impact Polypropylene reinforced cement corrugated sheet of approved make conforming to IS: 14871-2000 laying the same in position as per the stipulation in IS: 3007- 1991 using 8m dia polymer coated iron L or J hook bolts, lvanized iron & bituminous washers, or self drilling fasteners and EPDM washers, galvanized iron clamps, nuts and bolts etc. complete and as directed. (Net Area covered by sheeting will be measured. Laps will not be paid separately)	864.00	Sqm	575.00	496800.00

67	R2- CS- RW- 07-a	Providing and fixing non-asbestos fiber cement high impact polypropylene reinforced roofing accessories in all colours with polymer coated J or L hooks, bolts and nuts and or G.I. seam bolts and nuts, G.I. plain and bitumen washers or with self drilling fastener and EPDM washer etc. complete as directed. Corrugated serrated adjustable ridges	55.00	Rmt	308.00	16940.00
68	R2- CS- RW- 14	Galvanised iron sheet 0.8 mm (22 B.W.G.) eaves gutter 200 mm to 230 mm wide and 100 mm to 125 mm deep moulded or half round girth up to 600mm including iron rods, on the edges (throughout the length) and galvanised iron sheet ferrules with fixtures, for outlets wherever required clamped using W.I. clamp 38 mm x 3 mm fixed 1.0 m C/C including fasteners and three coats of synthetic enamel paint of approved make and shade including making necessary connections with rain water pipes etc complete and as directed	74.00	Rmt	711.00	52614.00
69	R2- CS- SS-31	Providing, fabricating, welding and fixing 1.0m high MS pipe hand railing, weight 10 to 12 kg per Rmt including all necessary fixtures, holdfasts, supports and painting with one coat of red oxide zinc chromate primer and two coats of approved synthetic enamel paint etc complete as directed by Engineer In Charge.	5.00	Rmt	3394.00	16970.00
70	FA-18- SIC- GN-4	Removing, Altering/ Replacing and Refixing of existing MS grills/ steel windows as instructed inclusive of washers, etc complete.	212.00	sqmt	292.00	61904.00
71	R2- CS- SL-12- a	Providing and Fixing MS Safety grill of weight specified below for windows as per design including fabricating the grill using M.S. square / round bar, flats and angles including painting with one coat of red oxide zinc chromate primer and two coats of synthetic enamel paint of approved colour and brand etc complete as directed. Grill weighing 10 to 15 kg / sqm	161.00	sqmt	2021.00	325381.00

72	R2- CS- SL-14- a	Providing, fabricating and fixing M.S. grill work as per approved design and as per weight specified below to fencing / compound made out of square / round bars, M.S. flats, angles, with necessary holdfast including painting with one coat of red oxide zinc chromate primer and two coats of approved synthetic enamel paint etc. complete as directed by Engineer In Charge.	191.00	sqmt	2037.00	389067.00
TOTAL COST OF IRON WORK					K	1590471.60
L		PUBLIC HEALTH WORK				
73	R2- CS- FL-88	TELEPHONE BLACK GRANITE WASH HAND BASIN COUNTER : Providing and making wash basin counter in single piece of 18 mm to 20 mm thk. Telephone Black granite 600 mm side fixed over 25 to 40 mm thk. Black Cuddappa, stand with type construction, by making zari, in walls upto 75 mm deep & fitting the wall surface by C.M. 1:2 with necessary moulding, profile cutting in granite and cudappa including making hole to receive pillar cock for wash basin etc complete and as per detailed drawing, as directed by the Engineer-In-Charge.	2.50	Rmt	9056.00	22640.00
74	R2- CS- PS-27- b-2	Providing and fixing P.V.C. waste pipe for sink or wash basin including P.V.C. waste fittings complete	5.00	each	87.00	435.00
75	R2- CS- PS- 166-a- 1	Stoneware gully trap 225 mm X 225 mm with 150 mm outlet with 110 mm thick brick (1:5 c. m.) masonry hopper chamber constructed on 65 cm X 65 cm, 1:3:6 c.c. bedding 100 mm thick with C. I. frame and C.I. cover 300 mm X 460 mm fixed complete with 12 mm cement plaster (1:4) inside and outside to the brick masonry walls complete as specified and directed. With common burnt clay F.P.S. (non modular) bricks of class designation 7.5	10.00	Nos	2564.00	25640.00
76	R2- CS- PS-59- b-2	Providing and fixing trap of self cleansing design with screwed down or hinged grating with or without vent arm complete, including cost of cutting and making good the walls	10.00	Nos	1179.00	11790.00

		and floors				
77	R2- CS- PS-73	Providing and fixing PTMT 15 mm Urinal spreader size 95x69x100 mm with 1/2" BSP thread and shapes. Weighing not less than 60 gms	8.00	Each	186.00	1488.00
78	R2- CS- PS-194	Constructing brick masonry inspection chamber 90cm x 45cm x30cm in cement mortar 1:4 (1 cement : 4 coarse sand) with R.C.C. top slab with 1:2:4 mix (1 cement : 2 coarse sand : 4 graded stone aggregate 20 mm nominal size), foundation concrete 1:4:8 mix (1 cement : 4 coarse sand : 8 graded stone aggregate 40 mm nominal size), inside plastering 12 mm thick with cement mortar 1:3 (1 cement : 3 coarse sand) finished with floating coat of neat cement and making haunches, channels in cement concrete 1:2:4 (1 cement : 2 coarse sand : 4 graded stone aggregate 20 mm nominal size) finished with a floating coat of neat cement complete as per standard design.	10.00	Nos	3629.00	36290.00
79	R2- CS- PS-7-d	Providing and fixing wash basin with C.I. brackets, 15 mm C.P. brass pillar taps,32 mm C.P. brass waste of standard pattern, including painting of fittings and brackets, cutting and making good the walls wherever require :White Vitreous China Wash basin size 630x450 mm with a pair of 15 mm C.P. brass pillar taps.	3.00	Nos	2679.00	8037.00
80	R2- CS- PS-1-a	Providing and fixing water closet squatting pan (Indian type W.C. pan) with 100mm sand cast Iron P or S trap, 10 litre low level white P.V.C. flushing cistern, including flush pipe, with manually controlled device (handle lever) conforming to IS : 7231, with all fittings and fixtures complete including cutting and making good the walls and floors wherever required :White Vitreous china Orissa pattern W.C. pan of size 580x440mm with integral type foot rests.	4.00	Nos	6314.00	25256.00

81	R2- CS- PS-2-a	Providing and fixing white vitreous china pedestal type water closet (European type W.C. pan) with seat and lid, 10 litre low level white P.V.C. flushing cistern, including flush pipe, with manually controlled device (handle lever), conforming to IS : 7231, with all fittings and fixtures complete including cutting and making good the walls and floors wherever required :rests. W.C. pan with ISI marked white solid plastic seat and lid	7.00	No.s	6483.00	45381.00
82	R2- CS- PS- 164-d	Providing and laying cement concrete 1:4:8 (1 cement : 5 coarse sand : 10 graded stone aggregate 40 mm nominal size) all-round S.W. pipes including bed concrete as per standard design :- 250 mm diameter S.W. pipe	120.00	Rmt	1294.00	155280.00
83	R2- CS- PS-88- a	Providing and fixing G.I. pipes complete with G.I. fittings and clamps, i/c cutting and making good the walls etc.- 15 mm dia nominal bore	31.00	Rmt	231.00	7161.00
84	R2- CS- PS-90- b	Providing and fixing G.I. pipes complete with G.I. fittings including trenching and refilling etc. - 20 mm dia nominal bore	11.00	Rmt	226.00	2486.00
85	R2- CS- PS-191	Providing and fixing in position uPVC/SWR (Soil/Waste/Rain) pipe of type-B 75 mm dia. in any position including all fittings and accessories, making joints / connections water tight with solvent cement, scaffolding if necessary and making good the damages if any (excluding excavation and refilling the trenches) etc. complete as specified and directed.(All fittings and accessories like clamps,etc. should be of same brand. No separate payment shall be made for fittings and accessories):- For 455x610 mm size	17.00	Rmt	314.00	5338.00

86	R2- CS- PS-192	Providing and fixing in position uPVC/SWR (Soil/Waste/Rain) pipe of type-B 110 mm dia. in any position including all fittings and accessories, making joints / connections water tight with solvent cement, scaffolding if necessary and making good the damages if any (excluding excavation and refilling the trenches) etc. complete as specified and directed.(All fittings and accessories like clamps,etc. should be of same brand. No separate payment shall be made for fittings and accessories).	48.00	Rmt	478.00	22944.00
87	R2- CS- PS-94- a	Providing and fixing brass stop cock of approved quality : 15 mm nominal bore	5.00	Each	313.00	1565.00
88	R2- CS- PS-94- b	Providing and fixing brass stop cock of approved quality : 20 mm nominal bore	10.00	Each	449.00	4490.00
89	R2- CS- PS-93- a	Providing and fixing brass bib cock of approved quality : 15 mm nominal bore each	10.00	Nos	313.00	3130.00
90	R2- CS- PS-126	Providing and placing on terrace (at all floor levels) polyethylene water storage tank, ISI : 12701 marked, with cover and suitable locking arrangement and making necessary holes for inlet, outlet and overflow pipes but without fittings and the base support for tank.	10000.0 0	litre	4.00	40000.00
91	FAIR- SIC- 19-05	Providing and fixing stainless steel water trough 16 gauge of clear size 30 cm. x 30 cm. With moulded edges, 75 mm. dia. inbuilt S.S. waste water jali with required fittings and PVC Pipes, etc. complete as directed by Engineer.	10.00	rmt	7800.00	78000.00
TOTAL COST OF PUBLIC HEALTH WORK					L	497351.00
M		MISCELLANEOUS WORK				
92	FA-18- SIC- GN-11	Supply and Installation of Insitu Cast in ECOFLEX 'Playsafe' safety flooring on a smooth, pre-prepared PCC base laid to required slope, consisting of 30mm base layer made by using rubber granules 'R' grade, duly meshed and Voramer Isocynate 15% by weight and top layer of 6mm thk of 80% of SBR rubber crumb and 20% EPDM rubber	133.00	sqmt	3649.00	485317.00

		crumb duly meshed 1-4mm with binder of Voramer Isocynate 20% by weight as per design given by the Architect and complete as per manufacturer's specification. (Rate excludes preparation of PCC base)				
93	FA-18-SIC-AV-04	Providing and fixing notice boards with 12 mm thick approved soft boards of aproved make, black or green painted with fully glazed shutters and T.W. frames 50 mm x 38 mm including fixtures and fastenings of approved make complete as directed.	9.00	Sqm	2653.00	23877.00
94	R2-CS-RM-98	Providing & constructing Soft board panelling with soft board & fabric. Basic rate of fabric is 150/metre	36.00	Sqm	900.00	32400.00
95	FA-18-SIC-AV-07	Providing and fixing number plates of size 150mm x 200mm for all class room and staff rooms in silver anodized aluminium 50 x 50mm size including 2mm thick flexi glass of equivalent size all complete as per details.	14.00	No.	463.00	6482.00
96	R2-CS-AT-4	Providing anti termite treatment conforming to IS- 6313 (part-III) to the wooden frames of doors / windows of the Existing building by drilling the 3 mm dia. holes at 150mm c/c and at the junction of wood work and masonry work to downward angle of 45 degree and injecting 500 ml per hole or until refusal with oil / kerosene based chloropyrifos EC 20 emulsion or equivalent of 1% concentrate, sealing the holes by filling the putty etc complete as directed by Engineer-In-Charge with 2 years guaranty	125.40	rmt	295.00	36993.00
97	R2-CS-AT-3	Providing anti termite treatment conforming to IS- 6313 (part-III) to the sides of flooring of the Existing building by punching/ drilling the holes of 16 mm dia at a distance of 300mm centre to centre and injecting 150 ml untill refusal or to a maximum of 1 Lit. per hole with chloropyrifos EC 20 Emulsion or equivalent of 1% concentration by weight, sealing the hole by filling the putty etc. complete as directed by Engineer-In-Charge with 2 years guaranty.	520.00	Per Hole	27.00	14040.00

98	R2- CS- PL-45	P&F in position Gypsum board false ceiling with 12.5mm th. Gypsum boards, screwed/ fixed to the under struct of suspended G.I. Grid const & suspended from the main ceiling of ceiling sectn at max c to c distance of 450 mm perimeter channel and intermediate channels at max c to c distance 1200 mm galvanised grid should be fixed to RF CC slab.The gypsum board should be fixed to galvanised iron grid with necessary screws.The boards should be taped and filled from underside to give smooth, seamless ceiling.The rate should include necessary additional ceiling sections and intermediate channels to be provided at openings for light fixtures, asbestos cement ducts, vertical drops, offsets etc. Additional intermediate channels should be fixed to strap hangers for additional support to prevent strapping at every 1200 mm item to be comp in all respect.(G.I. perimeter channel size- 27mmx0.5mm thk. flange-20mm &30mm,intermediate channel. size-45mm & 0.9mm thk., hanger size-25mmx0.5mm thk.) complete.	277.00	SQM	839.00	232403.00
99	R2- CS- RM- 99	P/F Aluminium composite sheet of 3 mm thick either suspended or fixed bracketed on wall with U.V digital printing at suitable locn including all necessary framework completed as per detailed drawings to be issued during construction & as directed by the engineer.	3.00	Sqm	6847.00	20541.00
100	CE5- 07- 004- FAIR- 38	Providing and fixing alluminium comp[osite panel for external wall cladding of makr alcobond / kynar 5000 PVDF coated alluminium composite panel of exterior grade with both skin of 0.5 mm thick includingrequired frame work as per manufacturer detail and pattern as approved by architect with all necessary fittings fixtures scaffolding etc. complete.	29.00	Sqm	3600.00	104400.00
		TOTAL COST OF MISCELLANEOUS WORK (L)			M	956453.00
	N	HARDWARE				

101	R2- CS- HW- 09-a-4	Providing and fixing handles as described below, manufactured as per IS:208-1992 for doors and windows and with necessary materials and fixtures like screws etc. and all labour etc. complete.150mm long	60.00	Nos	41.00	2460.00
102	R2- CS- HW- 09-a-3	Providing and fixing handles as described below, manufactured as per IS:208-1992 for doors and windows and with necessary materials and fixtures like screws etc. and all labour etc. complete.125mm long	20.00	Nos	39.00	780.00
103	R2- CS- HW- 08-a-2	Providing and fixing tower bolts as described below conforming to IS:204-1992 (Part I,II) for doors & windows with necessary materials and labour etc. complete.150 mm long	30.00	Nos	60.00	1800.00
104	R2- CS- HW- 06-d-2	Providing and fixing aldrops of 16 mm diameter bars manufactured as per IS:2681-1991, wherever they apply for doors and windows with necessary materials and labour etc. complete.300 mm long.Standard Stainless Steel make Aldrop 300 mm long	30.00	Nos	381.00	11430.00
105	R2- CS- HW- 06-d-1	Providing and fixing aldrops of 16 mm diameter bars manufactured as per IS:2681-1991, wherever they apply for doors and windows with necessary materials and labour etc. complete.300 mm long.Standard Stainless Steel make Aldrop 250 mm long	10.00	Nos	319.00	3190.00
106	R2- CS- HW- 04-c-2	Providing and fixing butt hinges as described below, manufactured as per relevant IS for door & windows with necessary materials and labour costs etc. complete.C] Standard anodized aluminium hinges 100mm long	90.00	Nos	134.00	12060.00
107	R2- CS- HW- 04-c-1	Providing and fixing butt hinges as described below, manufactured as per relevant IS for door & windows with necessary materials and labour costs etc. complete.C] Standard anodized aluminium hinges 75mm long	40.00	Nos	103.00	4120.00

108	R2- CS- HW- 03-c	Providing and fixing door stopper as described below of approved make manufactured as described below and as per IS:1823- 1992 for doors with necessary materials and labour cost etc. complete. Stainless steel door stopper	20.00	Nos	99.00	1980.00
TOTAL OF HARDWARE (N)						37820.00
O RAIN WATER HARVESTING						
109	R2- HE- 11-1	Providing and Placing Brick bats in layers with staggered joints for required depth etc. complete in all respect and as directed by the engineer	0.50	CUM T	1286.0	643.00
110	R2- HE- 11-2	Providing and Laying 40 mm (average) size metal/ aggregates in 15 cm thick layer conforming to IS 383 for required depth including screening, washing, cleaning of metal/ aggregates etc. complete in all respect and as directed by engineer.	0.25	CUM T	1916.0	479.00
111	R2- HE- 11-3	Providing and Laying 20 mm (average) size metal/ aggregates conforming to IS 383 in 15 cm thick layer for required depth including screening, washing, cleaning of metal/ aggregates etc. complete in all respect and as directed by engineer.	0.25	CUM T	1956.0	489.00
112	R2- HE- 11-4	Providing and Laying 4.75 mm to 12 mm (average) size, well graded natural sand in 15 cm thick layer for required depth including screening, washing, cleaning of sand etc. complete in all respect and as directed by engineer.	0.25	CUM T	5052.0	1263.00
113	R2- HE- 11-5	Providing and Laying, Placing Coconut coir layers of 6 mm to 12 mm thick in between graded layers at required depth including 10 cm wide overlapping etc. complete in all respect as directed by engineer.	0.25	Sqm	683.0	170.75
114	R2- CS- PS- 168-d	Providing and laying non-pressure NP2 class (light duty) 300 mm dia. R.C.C. pipe with collars jointed with stiff mixture of cement mortar in the proportion of 1:2 (1 cement : 2 fine sand) including testing of joints etc. complete :	70.00	Rmt	866.0	60620.00

115	R2-HE-11-10	Providing and fixing factory made precast RCC perforated drain covers, having concrete of strength not less than M-25, of size 1000 x 450x50 mm reinforced with 8mm dia 4 nos longitudinal and 9 nos cross sectional T.M.T hoop bars including providing 50mm dia perforations @ 100 to 125 mm c/c including providing edge binding with M S flats of size 50mm x 1.6mm complete all as per direction of Engineer-in-charge.	15.00	Nos	1865.0	27975.00

SECTION 10

GENERAL CONDITIONS OF

CONTRACT

**Note:- Standard General condition of contract for construction work is uploaded on
MCGM portal <http://portal.mcg.gov.in>**

General Conditions of Contract

- Standard General Conditions of Contract for Construction works 2016 are applicable.
- The amendments for the condition no. 5(c) of Standard General Conditions of Contract is made and same is given in this tender condition no. B of Chapter No. 11 Special Condition of contract.
- All the conditions in G.C.C. shall stand modified in accordance with GST Act.
- The Janata Accident Policy is not required as per the circular u/no.Dir./E.S.&P/15/V dated 12.06.2018.

As per Hon'ble M.C.'s approval no. MGC / F / 8659 dated 07.09.2019, the Condition 13 (e) is modified and the same shall be read as follows:

Arbitration and Jurisdiction:-

If the Commissioner fails to give notice of the decision as aforesaid within a period of 90 days after being requested as aforesaid or if the Contractor is dissatisfied with any such decision, then the Contractor may within 90 days after receiving notice of such decision or within 90 days after the expiration of the first named period of 90 days (as the case may be) require that the matter or matters in dispute be referred to arbitration as hereinafter provide.

- i) In case of a contract where the contract price and / or contract value is less than Rs. 5,00,00,000/- (Rupees Five Crore Only), any dispute arising out of or in connection with this contract , including any question regarding its existence, validity or termination, shall be referred to a mutually agreed arbitral tribunal in accordance with the Arbitration and Conciliation Act, 1996 (amended upto date). The arbitral tribunal shall consist of a sole arbitrator, as mutually agreed upon by the parties and the said dispute shall be finally resolved by the said arbitral tribunal. The decision of the arbitral tribunal shall be in writing (with reasons) and which will be final and binding upon the parties hereto and the expenses of the arbitration shall be paid as may be determined by the arbitrail tribunal. The seat of the arbitration shall be Mumbai. The venue of arbitration shall be within the limits of Brihan Mumbai. The language of the Arbitration shall be English.

If the parties fails to appoint mutually agreed arbitral tribunal, within the period of 30 days from the date of application seeking arbitration in the dispute, the arbitral tribunal shall be appointed by the recognized arbitral institution i.e. Mumbai Centre for International Arbitration (approved by

Government of Maharashtra under G.R. no. ARB / Case No.1/2017/D-19 dtd.28.02.2017) as per the Arbitration Rules of the Mumbai Centre for International Arbitration then in force (“MCIA Rules”.)

- ii) In case of contract where the contract price and / or contract value is Rs.5, 00,00,000/- (Rupees Five Crore Only) or more, any dispute arising out of or in connection with such a contract, including any question regarding its existence, validity or termination, shall be directly referred to and finally resolved by the recognized arbitral institution i.e. Mumbai Centre for International Arbitration (approved. by Government of Maharashtra under G./R. no. ARB / Case No.1/2017/D-19 dtd. 28.02.2017) as per the Arbitration Rules of the Mumbai centre for International Arbitration then in force (“MCIA Rules”). The arbitral tribunal shall consist of a sole arbitrator. The seat of the arbitration shall be Mumbai. The language of the Arbitration shall be English.

In either case, the law governing this arbitration agreement and the contract shall be Indian Law

SECTION 11

SPECIAL CONDITIONS OF

CONTRACT

DEFECT LIABILITY PERIOD

- The Contractor is expected to carry out the construction work in Workmen like manner so as to meet the requirement and specification for the project. It is expected that the Workmanship and materials will be reasonably fit for the purpose for which they are required.
- Defects or defective work is where standard and quality of workmanship and materials as specified in the contract is deficient. Defect is defined as a failure of the completed project to satisfy the express or implied quality or quantity obligations of the construction contract. Defective construction works are as the works which fail short of complying with the express descriptions or requirements of the contract, especially any drawings or specifications with any implied terms and conditions as to its quality, workmanship, durability, aesthetic, performance or design. Defects in construction projects are attributable to various reasons.
- Some of the defects are structural defects results in cracks or collapse of faulty defective plumbing, inadequate or faulty drainage system, inadequate or faulty ventilation, cooling or heating systems, inadequate fire systems etc. The defects could be various on accounts of different reasons for variety of the projects.
- The Engineering In charge/Project Officer shall issue the practical completion certificate for the project. During the Defect Liability Period which commences on completion of the work, the Engineering In charge shall inform or the contractor is expected to be informed of any defective works by the Employer's representative of the defects and make good at contractor's cost with an intention of giving opportunity to the contractor of making good the defects appeared during that period. It is the contractor's obligation under the contract to rectify the defects that appear during Defect Liability Period and the contractor shall within a reasonable time after receipt of such instructions comply with the same at his own cost. The Engineering In charge/Project Officer shall issue a certificate to that effect and completion of making good defects shall be deemed for all the purpose of this contract to have taken place on the day named in such defect liability certificate.
- If defective work or workmanship or design have been knowingly covered-up or concealed so as to constitute fraud, commencement of the Defect Liability Period may be delayed. The decided period may be delayed until **discover** actually occurs on at least the defect could have been discovered with reasonable diligence, whichever is earlier.

A) The DLP shall be as below:

Dept	Type of works	DLP
BM/SIC/HIC	General works	3 years
	Structural works	5 years
	Waterproofing works	5 years
Ward Works	All ward level works	2 years
For other departments	HE, WSP, SP, SWD, Garden	3 years

- Also, in case of defect, the Engineer shall give notice to the Contractor of any Defects before the end of the Defects Liability Period, which begins at. The Defects Liability Period shall be extended for as long as Defects remain to be corrected. Every time notice of Defect/Defects is given, the Contractor shall correct the notified Defect/Defects within the duration of time specified by the Engineer's notice. The Engineer may issue notice to the Contractor to carry out removal of defects or deficiencies, if any, noticed in his inspection, or brought to his notice. The Contractor shall remove the defects and deficiencies within the period specified in the notice and submit to the Engineer a compliance report.
- It is the Completion Stage when the contractor has completed all of the works and fixed all of the defects that were on the list of issue by Engineer-in-charge. When this happens, the engineer must issue a 'Certificate of Completion'. On the issue of 'Certificate of Completion', the 'Defect Liability Period' starts. The contractor also must issue a 'Certificate statement' as an acknowledgment to the engineer not later than 14 days after the 'Certificate of Completion' has been issued. During the 'Defect Liability Period', the contractor has to obey all written instructions from the engineer to carryout repairs and fix any defects which appear in the Permanent Works. If the contractor does not ,due to his own faults finish the repair works or fix the defects by the end of 'Defect Liability Period', the 'Defect Liability Period' will continue until all works instructed by engineer is done.

B) Site Chowky .:

On receipt of the work order, the contractor will have to erect ready-made site chowky in form of porta cabin/ container cabin, with appropriate insulation from heat, before commencement of the work. No separate payment will be made for providing the chowky and ancillary items mentioned below:

A)The contractor shall obtain necessary permission from the concerned Dy. C.E. (S.I.C.) for the site within the premises subject to N.O.C. from A.O. school. If the open space is not available in the

school premises, the contractor may be allowed to use the class room with the N.O.C. from the A.O. school with payment of charges amounting to L.S. Rs. 25,000/- (Excluding electricity and water charges) not refundable plus deposit of Rs. 1,00,000/- (Rupees One Lacs Only) which will be refundable after successful completion of work.

B) The contractors shall provide following:-

1. The chowkies of at least two windows for proper ventilation & Air conditioning installation.
2. It should have toilet facility.
3. This chowky should be equipped with electric supply, Fans, sufficiently big tables, chairs, water filter and cupboard with locking arrangement etc.
4. One Pentium IV or advanced Computer/ Laptop with a printer for day to day work of M.C.G.M./Contractors/PMC's staff.

The Site chowky will have to be removed from the site, leaving the site clear of all material within the period of thirty days from the date of completion of work. In case of failure to do so, the chowky will be demolished without any intimation to the contractor at their risk and cost and no request for compensation will be entertained. If chowky with necessary requirements is not provided within 30 days from the receipt of work order, a penalty of Rs.1500/- per day will be imposed.

The provisions under Standards GCC 2016 clause no. 5.(C) are applicable.

C) Setting of Site Laboratories:(For New Works)

Contractors shall set up a laboratory at site before commencement of work at their cost for performing various tests and at least the following machines and equipments shall be provided therein –

Set of Sieves as per I.R.C./I.S.

- i. Compressive Testing Machine(For new works)
- ii. Oven, Electrically Operated
- iii. Weighing Balance (20 kg capacity)
- iv. 3 m straight edge
- v. Sieve shaker
- vi. First Aid Box
- vii. Measuring Jar (for silt content)
- viii. Other Machines/apparatus as may be directed by the Engineer
- ix. Vernier Caliber

x. Level / Theodolite

All the test records shall be maintained in the site office and made available as and when required. The laboratory must be established within 15 days from the date of receipt of the orders from Engineer In charge. On failure to do so, a penalty of Rs 1000/- per day shall be imposed.

The contractor shall install testing equipment at site. The contractor shall ensure and certify the calibration of the equipment so installed and shall maintain the same in working order throughout the period of construction. The contractor shall also provide necessary technically qualified experienced trained staff for carrying out such tests for using such equipment. The tests shall be carried out under the supervision of the Engineer-in-charge. The calibration shall be checked every twelve months as directed by Engineer-in-charge.

D) Tax:-

Contractor has to submit a certificate from Chartered Accountant within 6 months from issue of work order regarding any profit accrued to him to any change in GST rates.

Till such certificate given by contractor 5% of the bill amount shall be withheld. On receipt of the CA's certificate MCGM will adjust the amount in accordance with GST anti profiting measure and refund the balance amount. The contractor will have to submit CA's certificate before final bill also.

E) Penalty:

The Engineer not below the rank of Assistant Engineer is entitled to impose a penalty of Rs.5000/- per day/lapse/site work space, in accordance to the gravity of default communicated in writing. Penalty amount will be recovered from contractors running bill. This penalty is over and above Penalty mentioned under G.C.C. 2016. If it is observed that, the contractor carrying out the work fails to comply with the instructions given by the authorities of the Ch.E. (Rds. & Tr.) / Dir.(ES&P) /A.M.C. / M.C.'s level MCGM Authorities reserves the right to terminate the contract & work and will be carried out at the risk and cost of the contractor and penal action will be taken against them.

NOTE: - This decision will not be arbitral at all.

The abovementioned condition will be in addition to the relevant condition in the General Condition of contract (GCC) regarding cancellation of contract in full or partly final decision of disputes, difference of claims raised by the contractor or relating to any matter out of contract.

SECTION 12
SPECIAL DIRECTIONS TO
THE TENDERER

SPECIAL DIRECTIONS TO THE TENDERER

1. Tenderers are requested to visit the site and verify the site conditions, nature and quantum of work before submitting the tenders.
2. The tender will be accepted only on the percentage basis; otherwise the tender will be straight away rejected.
3. The successful tenderer will have to execute a written contract on the standard form of contract.
4. The tender may be considered incomplete, irregular and invalid unless:
 - I) It is signed by the proprietor, named managing partner or all partners or by the party or parties stating specifically their position and status at the following three places:
 - a) The printed undertaking addressed to the Municipal Commissioner is given.
 - b) The schedule of quantities and rates and specifications.
 - c) The authority letter from the manufacturer /agent / traders have submitted the tender, is produced.

The names and address of all the partners are given in the space provided therefore.

5. The amount quoted shall include for provision of all necessary labour, plant, equipment, scaffolding, centering, and applicable GST etc.
6. **Addition / alteration**
Any addition / alteration / omission required for any work shall be carried out only after obtaining prior approval of the Engineer in writing.
7. The rate quoted shall be inclusive of transporting and disposal of surplus excavated material / debris and any other material raised out due to repair work subject to NOC from SWM department and no separate payment shall be entertained.
8. The Municipal Commissioner does not bind himself to accept the lowest or any tender.
9. The tenderer shall indemnify and keep indemnified the MCGM against all damages or compensation payable by law in respect or in consequence, if any, accident or injury to any workman or any other person, women in employment of the contractor or any other sub-contractor against all claims.
10. Income-tax Clearance Certificate in original shall be submitted as and when demanded.
11. The rates quoted shall include the cost of any small part essential for the proper execution of the work, if it remained to be included in the specification of the main items.(for item rate needs modification) or in the description of items in schedule.
12. Tenderer / contractor shall note that first class quality of material and workmanship is expected.
13. The materials used shall conform to the related ISI specifications (Bureau of Indian Standards) as well as MCGM specified specification wherever applicable. Directives of the Engineer concerned will be binding.

14. The tenderer / contractor will have to make good, without any extra payment any damage or loss to the Municipal property / private property while executing the work.
- a) General conditions of Contract for civil works w.e.f. 15.10.2016 (as amended up to date) and electrical / mechanical (not amended) as amended up to date shall be applicable to the work unless the same are contradictory to any of the conditions stated in the 'special directions / special conditions' to the tenderers.
15. The tenderer shall not withdraw the offer until notice of non-acceptance is communicated to him or one hundred Eighty days after the date of tender, whichever is earlier.
16. The sequence of work shall be as approved and directed by the Engineer before starting the work. The contractor shall submit his phase programme of carrying out the work for approval of the Engineer. Work shall be carried out as per priority fixed by the Engineer.
17. The water supply to the user department shall not be disturbed during execution of the work. Contractor shall make alternate arrangement for providing equivalent capacity tank to restore water supply at their own cost.
18. Contractor will have to make their own arrangement for getting the electric supply on site for fabrication and allied works at their own cost failing which penalty of Rs. 2000/- per day will be imposed.
19. The contractor shall intimate the concerned authorities before starting the work and execute the work as per priority fixed by the Engineer. The inventory of serviceable and un serviceable material shall be taken jointly with Engineer representative before dismantling.
20. Wherever and whenever necessary as directed by the Engineer, the unserviceable materials will have to be removed from the site to any location as directed by the Engineer within the time period as directed. Unless otherwise not specified is BOQ.
21. No separate payment will be made for dewatering the water seepage in the trenches and foundation pits opened while executing excavation and other foundation works. The possibility of high water table should be kept in mind while quoting the rates.
22. While excavating the trenches for foundation utmost care shall be taken that the foundation of adjoining structures will not be disturbed. If done, the same will be rectified by the contractor at his own cost to the satisfaction of the Engineer.
23. The tenderer / contractor will have to make adequate shielding arrangement by putting necessary hoardings, screen or gunny bags, etc. so as to avoid any accident or nuisance to the occupants (students /teachers / neighborhood) during the work without any extra payment.
24. After completion of the waterproofing work, the leakage test shall be carried out after impounding the water and plugging the openings at least for ten days, without any extra cost.
25. For New Constructions / Reconstruction works, the Plumbing and sanitary works will have to carried out through licensed plumber as per drawings and as directed by the Engineer.

26. Notwithstanding the source, the sand shall be washed by using sand washing machine, before use.
27. Reinforcement bars shall be purchased either from such manufacturer's who manufacture the steel with the basic process or their authorized dealers. Original manufacturer's test certificate shall be insisted. Test certificate in photocopy or other form will not be accepted. Reinforcement bars shall be embossed with manufacturers name in the form of half embossed and half printed. Engineer's decision regarding make of the steel will be final and binding on the contractors.
28. The centering shall be insisted only in double stage self-supporting steel scaffolding and M S pipe adjustable props for which no extra payment will be made.
29. City Engineer / Chief Engineer (B.M.) reserves the right to delete any item, alter / reduce the scope of the work, no extra claim in this respect will be allowed.
30. In case of any discrepancy between the plans and B.O.Q items, items to be operated shall be decided by the Engineer and the same shall be binding on the contractors without paying any extra cost.
31. The propping shall be done to the existing structure wherever necessary before taking up the repair or re-construction or demolition works. All the safety measures for structures/workers/supervisors/machineries shall be taken by the contractor at his own cost, if no provision is made in the BOQ.
32. While carrying out any works, contractor shall take adequate care / safety measures to prevent any accident as per clause 36 above without any extra cost.
33. Staircase / lift will not be allowed for transport of materials and contractor will have to provide mechanical lift or pulley at their own cost. No extra payment will be made for this arrangement.
34. The contractor shall take photographs of the work at site before commencing, during execution and after completion of work, as directed and submit the same.
35. If directed by the Engineer, the contractor shall have to arrange to carry out the work during nighttime also as per urgency of the work, at no extra cost.
36. After completion of the proposed work, the tenderer / contractor will have to hand over the site in neat and clean condition for which no extra payment will be made.
37. In case of any discrepancy, the Engineer's decision shall be final and binding on the contractors.
38. M.C.G.M. has appointed private Architectural Consultants for comprehensive architectural services for above said project. Contractors shall have to co-ordinate with the Architects or their representative or all consultants appointed by the Architect for above work. He shall follow up the matter with them. Whenever and wherever necessary for the smooth / speedy execution of the work in the best possible manner.
39. Waterproofing of Staircase terrace will be paid under the relevant item of waterproofing in B.O.Q.

40. Looking to the water supply requirements, the tenderer may be required to provide quite a large number of Polyethylene Plastic water storage tanks including required fittings as directed by the Engineer. No extra cost for this shall be paid.
41. With the approval of the Engineer on site, mixing of concrete (instead of Ready Mix Concrete) may be allowed only in rare cases when the total quantity of Reinforced Cement Concrete / Cement Concrete does not exceed 5.0 m³ on that particular day. However, in such cases, the concrete shall be as per mix design and machine mixed.
42. To be required Bill of quantities is predominantly based on Rate analysis for specialized repairs and New works based on market rates, prevailing schedule USOR 2018 and FAIR items -2018 uploaded on SAP for Civil Works & Electrical works including applicable GST. Tenderers to take this point into consideration and quote accordingly.
43. Tenderers are requested to visit the site and verify the site conditions, nature and quantum of work before submitting the tenders.
44. The Contractor shall have to co-ordinate with / and provide all necessary facilities to; all other contractors appointed by MCGM as may be necessary from time to time for any works related to the property / in the property.
45. All Insurances to be effected on behalf of the Corporation by the contractors shall be taken out from the Director of Insurance, Maharashtra State, GrihNirmanBhavan (MHADA), 1st floor, Room 264, Opp. Kala Nagar, Bandra, Mumbai 400 051. In case the insurance cover is not offered by Maharashtra State Insurance Fund, then that cover shall be taken out from the insurance company/companies approved by the
46. If it is observed that, contractor carrying out the work fail to comply with the instructions given by the AMC/ Hon'ble MC during execution of work twice, the work shall be deemed to have been terminated and will be carried out at the risk & cost of the Contractors and penal action will be taken against them. This decision shall not be arbitrable at all.
47. The above condition will be in addition to the relevant conditions in General conditions in General Condition of Contract regarding cancellation of full or part of the work, finality of the decisions on the disputes, differences or claims raised by the Contractors relating to any matter arising out of the contract.
48. It is mandatory for the Contractors to open a Bank Account in the Bank as mentioned in the list of approved banks in section-15 of SBD. All payments under the contract will be made only on this Bank Account through Electronic System.

49. The Contractor shall supply the adequate number of labours for shifting of furniture's / benches / boards / cupboards etc. as and when required for carrying out the repairs / re-construction works for which no extra payment will be made.
50. Contractor / tenderer has to make the sufficient arrangement to provide tarpaulin and fixing the same in the position (internal & / or externally) to avoid the nuisance of leakages / rainwater free of cost during the course of repair to building.
51. Photographic monthly progress report in the prescribed Performa shall be submitted through the consultant before 2nd day of every month. The photograph should be taken before and after the work. Failing which penalty as per SGCC-2016 will be imposed.
52. The Prior approval of the competent authority mentioned in the statement accompanying with circular no.Dir./E.S.& P/324 dtd. 15.07.2015 is mandatory for the extra/excess work or variation as mentioned. However, if quantity of excess items executed in the work is less than 5% prior /post facto. approval of competent authority shall obtained
53. The conditions in permeable to bill of quantities that even though the quantities are likely to change substantially during execution, Rate shall be only tender rates without any extra payment.
54. The quantity of scrap material is considered for estimation purpose. The amount of rebate will be deducted from contractor R.A bill irrespective of contractor percentage. In case of extra/excess item, the additional rebate amount will bededucted proportionately.
55. Noise level shall be maintained within permissible limits in silent zone areas during the construction activities by contractor as per the notification dated 14/02/2000 issued by Ministry of Environment and Forest and circular issued by MCGM under no. CE/PD/7738/1 dated 05/11/2008.
56. The Electrical Mechanical work shall be got carried out by the civil contractors from the contractors registered with M.C.G.M. in Electrical Category. Information about the registered contractors shall be obtained from the office of the Ch.E. (M&E)/E.E. (Monitoring & Registration Cell). Attested copy of the valid registration certificate in Electrical Category shall be submitted along with the tender without fail.
- 57.The tenderer(S) shall own equipments in full working order and single in
Number listed below, and must demonstrate that based on known
commitments, they will be available for timely used in the proposed contract.
Equipment should containMortar mixer, sand washing machine, vibrators,
(concrete mixture) (notilting) and compressive strength testing machine etc.
58. Contractor shall provide one new latest branded Laptop/Desktop Computer with printer to the Site / PMC/MCGM staff to maintain and preserve the site records.
59. For all New Construction & Reconstruction works Cement Concrete works covered under the scope of this tender, only READY MIX CONCRETE shall be

used, if the quantum of concreting at a single time is 5cu.m or more. Specific permission from Engineer should be obtained for all Cement concrete works other than READY MIX CONCRETE.

60. Following condition to be incorporated as a tender conditions in the prospective works in the matter of terrace water proofing as well as the work of repairs such as removing and refixing door and windows.

1.The defects liability for terrace/chajja water proofing will be five years and damages caused to the structural members,walls,ceiling of the building floor immediately beneath/adjacent the terrace/chajja should be rectified by the contractor during said defect liability period.

2.The defect liability for the work of removing/refixing of doors/windows and all other such works adjacent to structural members and involving tampering with structural members will be of 5 (five) years and damage caused to the structural members,walletc.of the building around said door windows or all other such works should be rectified by the contractor during said defect liability period.

61.Tenderer(s) are requested to submit and upload the tenders in time on or before the stipulated day so as to avoid rush at the closing hours. MCGM will not be responsible. for poor connectivity of network/Internet services/connectivity of servers/snag in system/breakdown of network/or any other interruptions .If any online information uploaded but not received by Bid creater (MCGM) within stipulated time limit ,MCGM will not be held responsible at any cost and such bids can not be validated. Any online intimation/information asked to be submitted by bidder/Contractors or sent to bidder/Contractors or set to Bidder/Contractors, if not received or bounced back at the receiving end due to any problem in server or connectivity, MCGM will not be held responsible. Intimations about shortfalls in submission will be informed to Bidder/Contractors by e mail on their e mail address.

62. BARRING PHYSICAL SUBMISSIONS

As the entire tendering procedure is online process, the physical submission of documents shall not be entertained by MCGM departments.

63. DOWNLOADING THE BID-DOCUMENT ON THE PORTAL

All departments shall upload the printable pdf file of bid documents on MCGM portal which can be downloaded without any payment.

64. APPOINTING OF DESIGNATED OFFICER FOR CONTRACTORS' GRIEVANCES

The Appellate Authority for Redressal of Contractors' Grievances shall be as follows:

- i. Ist Appeal by the bidder against the decision of C.E./HOD/Dean can be made to concerned DMC/Director who should decide appeal in 7 days
- i. IInd Appeal by the bidder can be made to concerned AMC for decision and his decision will be final.

65. It shall be distinctly noted that MCGM will not make any payment towards removal / transportation/ disposal of surplus excavated earth including desilted material from construction site to either any municipal dumping ground (if made available) or to contractors owned dumping facility. The Contractors shall take in to the account the fact while quoting.

66. The barricading shall be provided as per specifications, as per site requirement and as directed by Engineer, where required. MCGM will not make any payment towards barricading, contractors shall quote accordingly.

67. Existing landing entrances at all landings shall be used without major modifications of supplying tailor made gates.

68. All the lifts works shall conform to IS: 2365/1963 & IS: 14665, 1999-2000. Anything not included in the Technical specifications but required for satisfactory completion of work will be treated as included in the offer, and the work shall be carried out accordingly, without claiming any extra charges.

69. The electrical & mechanical work shall be got carried out through Licensed Electrical Contractors.

70. The successful bidder shall note to procurement of following minimum equipment at site before starting of the work:

Sr. No	Equipment Owned	Requirement
1	Mortar mixer	1 No.
2	Sand Washing Machine	1 No.
3	Vibrators (For new works) (Needle)	2 Nos.
4	Concrete mixer (Non tilting, having Capacity)	1 No.
5	Site chowkey for work above Rs. 1 Crore. (For new works)	1 No. Container
6	Compressive strength testing machine. (For new works)	1 No.

SECTION 13

SPECIFICATIONS

& SELECTION OF

MATERIAL

SPECIFICATIONS & SELECTION OF MATERIAL

The tender is prepared on the basis of Unified Schedule of Rates and specifications 2018. The specifications of the items of USOR are available on MCGM portal <http://portal.mcgm.gov.in> under the Tender tab. Hence, the deserving bidder shall either download the same from MCGM Portal or the same maybe collected in the soft copy format at the time of purchasing the tender from this office.

SELECTION OF MATERIAL

1. All materials brought on the site of work and meant to be used in the same, shall be the best of their respective kinds and to the approval of the Engineer. The Engineer or his representative will accept that the materials are really the best of their kinds, when it is proved beyond doubt that no better materials of the particular kind in question are available in the market.
2. The contractor shall obtain the approval of the Engineer of samples of all materials to be used in the works and shall deposit these samples with him before placing an order for the materials with the suppliers. The materials brought on the works shall conform in every respect to their approved samples. Fresh samples shall be deposited with the Engineer whenever the type or source of any material changes.
3. The contractor shall check each fresh consignment of materials as it is brought to the site of works to see that they conform in all respects to the Specifications of the samples approved by the Engineer, or both.
4. The Engineer will have the option to have any of the materials tested to find out whether they are in accordance with the Specifications and the Contractor will bear all expenses for such testing. All B bills, vouchers and test certificates, which in the opinion of the Engineer or his representative are necessary to convince him as to the quality of the materials or their suitability shall be produced for his inspection when required.
5. Any materials that have not been found to conform to the specifications will be rejected forthwith and shall be removed from the site by the contractor at his own cost within 24 hours.
6. The Engineer shall have power to cause the Contractors to purchase and use such materials from any particular source, as may in his opinion be necessary for the proper execution of the work.
7. Notwithstanding the source, the sand shall be washed using sand washing machine before us.

2A.15 - Electrical Work:-

The electrical work shall be carried out as per General & Technical Specifications specified in Unified Schedule Rate (USR) – 2018, using FIRST CATEGORY material approved in USR–2018.

The electrical work comprises of following works: -(Applicable to all lifts)

One 5A - 5 pin socket with switch and one light point with switch & LED/CFL lamp, shall be provided in lift pit and at each landing in lift shaft, complete with wiring in approved manner.

A set complete with one 40/60/100 watts 230 volts lamp or 23/28 W LED/CFL of approved make, 3 meter long PVC 3 core flexible cord terminated in 3 pin plug, shall also be supplied for each lift, for maintenance staff.

All the lights and outlet points shall be connected to a separate circuit independent of lift mains and control wiring.

Lift contractor shall carry out the necessary wiring in the conduit / troughing / cabling /casing capping from the lighting D.B. in lift machine room.

2A.15.1 - Switchgears at Service & distribution position

- (a) 63 Amp 440 V TPNMCCB with metal enclosure with fuse (one at service and one in each Machine room for every proposed lift at distribution position for all the proposed lifts.) – Total 2 Nos.
- (b) 32 Amp, 250 V, MCCB (one at service and one in each Machine room for every proposed lift at distribution position for every proposed lift). – Total 2 Nos.
- (c) 32 Amp DPMCB and 3 way 10 Amp SPMCB per way = 1 No each at distribution position in Machine room lighting for each lift – 1 No.

2A.15.2 - E.L.C.Bs.

- (a) 40 Amp 2 Pole E.L.C.B. with 30 mA sensitivity and complete with interconnection and wiring, M.S. enclosure = 1 No. for each lift / As per requirement of PWD inspector.
- I 63 Amp & 4 Pole E.L.C.B. with 30 mA Sensitivity and complete with interconnection and wiring, M.S. enclosure = 1 No. for each lift / As per requirement of PWD inspector.

2A.15.3 - M.S. Angle / Flat bar frame work

Switchgear at service (in Meter room) and at distribution position (in Machine room) shall be fixed by using:-

M.S. Angle: 40 x 40 x 5 mm size.

Flat bar: 40 mm x 5 mm thick.

2A.15.4 - Cable

Power supply cable and lighting cable from service point to machine room for the lift, through lift shaft, lift shaft wiring and machine room wiring with switchgears, fittings and fixtures. The copper armoured cables shall be fixed on wall / ceiling from Switchgear at Meter room through the lift well to switchgear at distribution position in Machine room of followings: –

- a) Power Cable – 4 C x 16 sq.mm copper / As per requirement of PWD inspector for proposed lifts.
- b) Lighting Cable – 2 C x 6 sq.mm. Copper / As per requirement of PWD inspector for proposed lifts.

2A.15.5 - Cable end terminations

Providing cable end terminations at incoming and outgoing end of copper armoured power and lighting cables-

- a) 4 core x 16 sq.mm.
- b) 2 Core x 6 sq.mm

2A.15.6 - Point Wiring

- a) Providing lighting wiring using copper cable of 2 core x 2.5 Sq.mm 1100 V grade with proper saddle support at 1 feet along the run of cable in lift pit and lift well for inspection and maintenance purpose. One ordinary lamp point and plug point of 5/6 Amp with S. P Switch at lift pit and lift shaft top and midway shall be provided as per requirement.(Repeat)
- b) Point wiring in Casing-N-Caping with 1.5 Sq. mm copper conductor, 1100 V grade shall be provided in lift Machine room for 1 no. of exhaust fan, the exhaust fan shall be enclosed in safety covers / wire mesh.

2A.15.7- Fittings& Fixtures

Following fittings and fixtures shall be provided: –

- i) Ordinary lamp points at each floor in lift well and in lift pit with 18/23/28 Watt LED/CFL as per point wiring provided at lift well, for every lift well.
- ii) One no. of bulkhead fitting outside every lift Machine room.with point wiring.
 - iii) One no. of Exhaust fan 380 mm sweep, 900 RPM, Single ph., 2350 CFM shall be provided for lift Machine room as per point wiring in lift Machine room.

2A.15.8 - Meter Leads

Providing 3 single core cu wires of 25 Sq.mm. sizes for phases and 1 single core wire of 10 Sq.mm for Neutral for 63 Amp MCCB switch & 6 sq. mm cu wire for 32 A MCCB, lead through PVC flexible pipe with proper fixing arrangement

2A.15.9 - Earthing

Earthing station with 600 mm x 600 mm x 6 mm galvanised iron plate & 50 mm dia. G.I. pipe, 3000mm long GI pipe (Class B or better) earth pit as per IS 3043. The earth pit shall be provided with watering pipe (Class B) with wire meshed funnel, 25x3 GI strip / 8 SWG GI wire up to chamber (wire or strip size as per fault level), disconnecting links with 600 x 600 mm (clear) RCC chamber & heavy duty 3mm thick CI chequered plate cover with hinge & stainless steel bolts. Bentonite/ Charcol & Salt shall be provided for earth pits. Excavation, backfilling, removal of excess soil is included in the scope.

2A.16 - Civil Work

The scope of civil work consists of following works :-

- i) Brick masonry wall works for & around landing doors if necessary, chipping of walls, door openings, fascia plates architraves, making holes in the walls / slab. Minor civil works in lift pit & shaft, complete with final finishing plaster, white wash, civil work in lift pit along with white glazed tiles on the wall and flooring, grouting etc. & removal of old lifts including marble architraves at each landing. Making lift openings as per required size for landing doors.
- ii) Tenderer shall examine the maximum bending moment of the beam & structural stability of lift shaft / structure, Lift machine platform etc. and suggest the strengthening if required with detailed working.
- iii) A Firm, stable and sturdy scaffolding shall be erected in the hoist way for carrying out the lift work.
- iv) Barriers should be provided across all open entrances to avoid chance of accident.

2A.17 -Testing:

Various tests and thorough inspection shall be carried out during manufacturing of the lift components to ensure that they comply with the standard practice. The following tests shall be carried out after lift installation and before it is put into normal service.

The lift manufacturer shall provide the necessary test weights and instruments without any extra cost.

- Tests to determine the insulation resistance.
- Tests to determine that earthing of all the conduit switch casings and similar metal work is continuous.
- Tests to determine that the motor (including no load test), brake, control equipment and door locking devices function correctly.
- Tests to determine that the lift car shall raise and lower at rated load.
- Test to determine that the lift car shall attain rated speed.
- Tests to determine that the safety gear shall stop the lift car with rated load.

- The runway test shall be carried out with all electrical apparatus operative except for the over speed contact or cutout on the governor. For the lifts operating directly from alternating current, the governor shall be tripped by hand at the maximum speed obtainable.
- Testing the ARD device operation on power failure & overload audio-visual warning indicator.

2A.18 - Tools

The Tenderer shall provide required branded tools for user department for ordinary maintenance work along with tool box.

Tool box shall contain normal plier, nose plier, 12”screw driver, continuity tester, required ring & patti spanners, adjustable spanner, rawl plug, cable/wire stripper etc.

TS -3 : STEEL MATERIALS

This specification comprises of supply, installation, testing and commissioning of steel material / structure / items required to provide for the lift, like sill support angles, fascia plates, hitch plates, steel ladder in the lift pit , M.S.trap door cover with frame, supporting beams in the lift machine, R.S. Joist / beam / channel, M.S. checkered plate platform and other allied work in the lift shaft and lift pit.

The structural steel framework in the lift shaft for supporting the lift machine shall be provided as per manufacturer’s design and suggestions.

If necessary, M.S. Grill partition for lift machinery for safety purpose shall be provided.

Complete M.S. structure shall be tested for its mechanical stability.

SECTION 14

FRAUD

AND

CORRUPT

PRACTICES

FRAUD AND CORRUPT PRACTICES

- The Applicants and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process. Notwithstanding anything to the contrary contained herein, the Authority may reject an Application without being liable in any manner whatsoever to the Applicant if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process.

Without prejudice to the rights of the Authority under relevant Clause hereinabove, if an Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Bidding Process, such Applicant shall not be eligible to participate in any tender or RFQ issued by the Authority during a period of 2 (two) years from the date such Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as the case may be.

For the purposes of this Clause, the following terms shall have the meaning hereinafter respectively assigned to them:

A “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of any person connected with the Bidding Process (for avoidance of doubt, offering of employment to, or employing, or engaging in any manner whatsoever, directly or indirectly, any official of the Authority who is or has been associated in any manner, directly or indirectly, with the Bidding Process or the LOA or has dealt with matters concerning the Concession Agreement or arising there from, before or after the execution thereof, at any time prior to the expiry of one year from the date such official resigns or retires from or otherwise ceases to be in the service of the Authority, shall be deemed to constitute influencing the actions of a person connected with the Bidding Process); or save and except as permitted under the relevant sub clause, engaging in any manner whatsoever, whether during the Bidding Process or after the issue of the LOA or after the execution of the Concession Agreement, as the case may be, any person in respect of any matter relating to the Project or the LOA or the Concession Agreement, who at any time has been or is a legal, financial or technical adviser of the Authority in relation to any matter concerning the Project;

B “fraudulent practice” means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the Bidding Process ;

“coercive practice” means impairing or harming or threatening to impair or harm, directly or indirectly, any person or property to influence any persons participation or action in the Bidding

Process;

“undesirable practice” means (i) establishing contact with any person connected with or employed or engaged by the Authority with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Bidding Process; or (ii) having a Conflict of Interest; and

“Restrictive practice” means forming a cartel or arriving at any understanding or arrangement among Applicants with the objective of restricting or manipulating a full and fair competition in the Bidding Process.

If the Employer/Financier determines that the Contractor has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Employer may, after giving 14 days’ notice to the Contractor, terminate the Contractor's employment under the Contract and expel him from the Site, and the provisions of relevant Clause shall apply as if such expulsion had been made.

Should any employee of the Contractor be determined to have engaged in corrupt, fraudulent, collusive, coercive, or obstructive practice during the execution of the Works, then that employee shall be removed in accordance with relevant Clause.

For the purposes of this Sub-Clause:

- i. “corrupt practice” is the offering, giving, receiving to soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
- ii. “another party” refers to a public official acting in relation to the procurement process or contract execution. In this context, “public official” includes Financier staff and employees of other organizations taking or reviewing procurement decisions.
- iii. “fraudulent practice” is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;
- iv. “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
- v. “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
- vi. “obstructive practice” is deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede the Financier investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or

- vii.** acts intended to materially impede the exercise of the Financer’s inspection and audit rights provided .
- viii.** “party” refers to a public official; the terms “benefit” and “obligation” relate to the procurement process or contract execution; and the “act or omission” is intended to influence the procurement process or contract execution.
- ix.** ”parties” refers to participants in the procurement process (including public officials) attempting to establish bid prices at artificial, noncompetitive levels.
- x.** a “party” refers to a participant in the procurement process or contract execution.

SECTION 17

APPENDIX

FORM OF TENDER

To,

The Municipal Commissioner for Greater Mumbai

Sir,

I/ We have read and examined the following documents relating to the construction of

- i. Notice inviting tender.
- ii. Directions to tenderers (General and special)
- iii. General condition of contract for Civil Works of the Municipal Corporation of Greater Mumbai as amended up to date.
- iv. Relevant drawings
- v. Specifications.
- vi. Special directions
- vii. Annexure A and B.
- viii. Bill of Quantities and Rates.

1A. I/We _____

(full name in capital letters, starting with surname), the Proprietor/ Managing Partner/
Managing Director/ Holder of the Business, for the establishment / firm / registered company,
named _____ herein _____ below, _____ do _____ hereby _____ offer
to

.....
.....
.....
.....
.....

Referred to in the specifications and schedule to the accompanying form of contract of the rates entered in the schedule of rates sent herewith and signed by me/ us” (strike out the portions which are not applicable).

1B. I/We do hereby state and declare that I/We, whose names are given herein below in details with the addresses, have not filled in this tender under any other name or under the name of any other establishment /firm or otherwise, nor are we in any way related or concerned with the establishment /firm or any other person, who have filled in the tender for the aforesaid work.”

2. I/We hereby tender for the execution of the works referred to in the aforesaid documents, upon the terms and conditions, contained or referred to therein and in accordance with the specifications designs, drawings and other relevant details in all respects.

* At the rates entered in the aforesaid Bill of Quantities and Rates.

3. According to your requirements for payment of Earnest Money amounting to Rs. _____ /-(Rs. _____)

I/We have deposited the amount through online payment gateways with the C.E. of the Corporation not to bear interest

4. I/We hereby request you not to enter into a contract with any other person/s for the execution of the works until notice of non/acceptance of this tender has first been communicated to me/us, and in consideration of yours agreeing to refrain from so doing I/we agree not to withdraw the offer constituted by this tender before the date of communication to me/us of such notice of non/acceptance, which date shall be not later than ten days from the date of the decision of the Standing Committee or Education Committee of the Corporation, as maybe required under the Mumbai Municipal Corporation Act, not to accept this tender.(Subject to condition 5 below).
5. I/We also agree to keep this tender open for acceptance for a period of 180 days from the date fixed for opening the same and not to make any modifications in its terms and conditions which are not acceptable to the Corporation.
6. I/We agree that the Corporation shall, without prejudice to any other right or remedy, be at liberty to forfeit the said earnest money absolutely, if.
- a. I/We fail to keep the tender open as aforesaid.
 - b. I/We fail to execute the formal contract or make the contract deposit when called upon to do so.
 - c. I/we do not commence the work on or before the date specified by the Engineer in his work order.
7. I/We hereby further agree to pay all the charges of whatsoever nature in connection with the preparation, stamping and execution of the said contract.

Bid no.

Annexure- B
PRE-CONTRACT INTEGRITY PACT

The Bidder commits himself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of his bid or during any pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commits himself to the following:-

1. The Bidder will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the MCGM, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the Contract.
2. The Bidder further undertakes that he has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the MCGM or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the Contract or any other Contract with the Government for showing or forbearing to show favour or disfavour to any person in relation to the Contract or any other Contract with the Government.
3. The Bidder will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.
4. The Bidder will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.
5. The Bidder, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the MCGM or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.

6.The Bidder shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information provided by the MCGM as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The Bidder also undertakes to exercise due and adequate care lest any such information is divulged.

7.The Bidder commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.

8.The Bidder shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.

9. The Bidder and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process. Notwithstanding anything to the contrary contained herein, the Authority may reject an Application without being liable in any manner whatsoever to the Applicant if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process

For the purposes of this Clause 9, the following terms shall have the meaning herein after respectively assigned to them:

1 “fraudulent practice” means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the Bidding Process ;

1 “coercive practice” means impairing or harming or threatening to impair or harm, directly or indirectly, any person or property to influence any persons participation or action in the Bidding Process;

“undesirable practice” means (i) establishing contact with any person connected with or employed or engaged by the Authority with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Bidding Process; or (ii) having a Conflict of Interest; and

“restrictive practice” means forming a cartel or arriving at any understanding or arrangement among Applicants with the objective of restricting or manipulating a full and fair competition in the Bidding Process.

SECTION 18 CIRCULARS

BRIHANMUMBAI MAHANAGARPALIKA

CIRCULAR
2020-21

No.CA(F)/Project/ 32 of 26.10.2020

Sub : Bid Security or EMD

Ref : No.MDD/7878 of 27.09.2016

The MCGM's tender conditions have been amended and Standard Bid Document has been circulated vide No.MDD/7878 of 27.09.2016.

The condition of refund of Bid Security or EMD incorporated in SBD, is as follows :-

- (i) The Bid Security of the successful bidder will be discharged when the bidder has signed the agreement and furnished the required Security Deposits.
- (ii) The Bid Security/EMD of L-3 and bidders shall be refunded immediately after opening of financial bid but **the EMD/ASD submitted by the L-2 bidder will be returned after obtaining Standing Committee Resolution.**

In recent past, due to COVID-19 pandemic, various benefits and relief are given to contractor for ease of doing business and to maintain their cash flow. Further, the Statutory Committee meetings are not held in this pandemic situation. Hence, the condition of refund of Bid Security/EMD and ASD is reviewed and revised condition for all invited tenders wherein Statutory Committee's sanction has not been accorded and forthcoming e-tenders –

- (a) The Bid Security/EMD of the successful bidder will be discharged when the bidder has signed the agreement and furnished the required Security Deposits.
- (b) The Bid Security/EMD and ASD of L-2 and other higher bidders (L-3, L-4, etc.) shall be refunded immediately after opening of financial bid.

(c) In case, the successful bidder becomes non-responsive or successful bidder withdraws the bid or is unwilling to extend the bid validity period, in such circumstances, if L-2 bidder is agreeable to extend the bid validity period and ready to deposit the requisite amount of bid security/EMD and ASD to the department within the stipulated time period i.e. 15 days, the department will process further as per normal procedure.

The above revised directives shall come into effect immediately on issuance of this circular.

All Chief Engineers/Head of Departments/Deans shall note the above directives and follow them scrupulously.

बृहन्मुंबई महानगरपालिका

परिपत्रक

२०२०-२१

क्र.प्रले(वित्त)/४२ दिनांक ०६.०१.२०२१

विषय:- बृहन्मुंबई महानगरपालिकेत कंत्राटदारामार्फत पार पाडावयाच्या कामाच्या मसुदा निविदेमध्ये अतिरिक्त सुरक्षा अनामत रक्कमेबाबतची सुधारित अट समाविष्ट करण्याबाबत.

संदर्भ:- एमडीडी/७८७८ दिनांक २७.०९.२०१६.

बृहन्मुंबई महानगरपालिकेत कंत्राटदारामार्फत पार पाडण्यात येणाऱ्या कामाकरिताच्या मसुदा-निविदेत समाविष्ट करावयाच्या अतिरिक्त सुरक्षा अनामत रक्कमेबाबतच्या अटीबाबतचे निर्देश संदर्भित परिपत्रकान्वये निर्गमित करण्यात आले आहेत. त्यामध्ये खालीलप्रमाणे सुधारणा करण्यात येत आहे.

विद्यमान पध्दत:-

ई-निविदा सूचनेस प्रतिसाद करून ज्या ज्या कंत्राटदारांनी वजा -१२% पेक्षा कमी दराने टक्केवारी उदधृत केली आहे, अश्या सर्व कंत्राटदारांना वजा १२% पेक्षा जास्त नमूद केलेल्या प्रत्येक टक्क्याला १% याप्रमाणे कोणतीही मर्यादा न ठेवता ऑनलाईन निविदा सादर करताना अतिरिक्त सुरक्षा अनामत रक्कम ऑनलाईन स्विकारली जाते.

सुधारित पध्दत:-

- कंत्राटदाराने वजा -१२% पेक्षा कमी दराने टक्केवारी उदधृत केली असल्यास वजा १२% पेक्षा जास्त असलेल्या प्रत्येक टक्क्याला १% याप्रमाणे ऑनलाईन निविदा सादर करताना अतिरिक्त सुरक्षा अनामत रक्कमेचा ऑनलाईन भरणा करणे आवश्यक नसेल.
- कंत्राट रकमेनुसार सक्षम प्राधिकार्यांची मंजूरी प्राप्त झाल्यानंतर प्रथम लघुत्तम असलेल्या निविदाकाराने कार्यस्विकृती पत्रात नमूद केल्यानुसार कार्यालयीन कामकाजाच्या १५ दिवसात विद्यमान पध्दतीनुसार अतिरिक्त सुरक्षा अनामत रक्कम डिमांड ड्राफ्ट स्वरूपात महानगरपालिकेचा नागरी सुविधा केंद्रात जमा करणे व त्या पावतीची प्रत खातेप्रमुखाकडे सादर करणे आवश्यक असेल.
- जर प्रथम लघुत्तम निविदाकाराने कार्यस्विकृती पत्रात नमूद केल्यानुसार कार्यालयीन कामकाजाच्या १५ दिवसामध्ये अतिरिक्त सुरक्षा अनामत रक्कम जमा केली नाही तर सदर कंपनीने भरणा केलेली संपूर्ण इसारा अनामत रक्कम (EMD) जप्त केली जाईल तसेच कंपनीला दोन वर्षासाठी डीबार (Debar) करण्यात येईल, त्याचप्रमाणे त्या कंपनीचे संचालक/

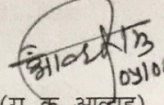

LoA)

(After giving)

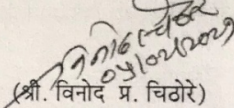

पार्टनर इतर कंपनीमध्ये संचालक/ पार्टनर म्हणून कार्यरत असतील तर ती कंपनी सुद्धा दोन वर्षांकरिता डीबार (Debar) करण्याची कार्यवाही करण्यात येईल.

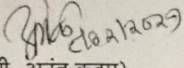

यापुढील कामाकरिताच्या मसुदानिविदेत परिपत्रकात नमूद केल्याप्रमाणे अतिरिक्त सुरक्षा अनामत रक्कमेबाबतची अट अंतर्भूत करण्यात यावी.

उपरोक्त सूचनांचे काटेकोरपणे अंमलबजावणी करण्याबाबत सर्व खाते प्रमुख/ सहाय्यक आयुक्त/ रुग्णालय अधिष्ठाता/ वैद्यकीय अधिक्षक/ उप प्रमुख लेखापाल/ लेखा अधिकारी यांनी दक्षता घ्यावी.

Office of the DMC CPD,
Central Purchase Department,
566, N.M.Joshi Marg, Byculla, Mumbai-400 011.

No. DyChE/ CPD/ 2025 / dt. 01/09/2021

CIRULAR

Sub: Formation of Grievance Redressal Committee (GRC)
to address grievances from bidders.

Ref.: MGC/F/4961 dated 09/08/2021.

Hon. M.C.'s accorded sanction under reference to form Grievance Redressal Committee (GRC) to address grievances from the bidders regarding responsiveness/ non-responsiveness in Packets 'A', 'B' or 'C' in all the tenders. Therefore, all HOD's are requested to incorporate following condition in all the tenders;

Grievance Redressal Committee (GRC)

1. If a Bidder is not satisfied with the decision of responsiveness/ non responsiveness in Packets 'A', 'B' or 'C', by the concerned HOD, he may appeal to D.M.C. (C.P.D.) by paying fee of Rs. 25,000/-.
2. D.M.C. (C.P.D.) will assign the work of co-ordination of various activities and administration work of G.C.R. to nominated Registrar – Shri Uday B. Mande.
3. The Committee for hearing grievances and passing orders will be constituted as follows:

(a) The Committee will comprise of D.M.C. / Director / Jt.M.C. of tender inviting department and D.M.C. / Director / Jt.M.C. of the department for which tender is being invited.

For example, if tender is invited by C.P.D. dept. for K.E.M. Hospital then the Committee will be of DMC(CPD), and DMC (PH).

(b) In case the tender inviting department and department for which tender is being invited are same then the concerned DMC/ Director/ Jt.M.C. of the same department and DMC(CPD) will be the members of the Committee.

For example, if tender is invited by Dean (KEM) for KEM Hospital then the Committee will be DMC (PH) and DMC(CPD).

In tabular format:

Tender inviting Department	Work belonging Department
DMC(CPD) or DMC /Director / Jt.M.C. of concerned Department.	Concerned DMC / Director/ Jt.M.C.

4. In case the work is pertaining to various departments then concerned DMC / Director/ Jt.M.C. having major contribution of work will be one of the member of the Committee.
5. The Committee will hear the grievances of bidder within 30 days on receipt of bidder's application and will pass an order within 45 days.
6. If Bidder is not satisfied with the decision of the above Committee, he may appeal to the concerned Addl. Municipal Commissioner of Tender Inviting Department. The Addl. Municipal Commissioner will hear the case within 45 days from the date of receipt of application for second appeal from the bidder and will pass the order within 60 days.

परिपत्रक

प्र.ले./वित्त/प्रकल्प/ 25 दि. 12/07/2022

विषय: महानगरपालिकेद्वारे हाती घेण्यात येणारी विविध प्रकल्प कामे तसेच प्राप्त करण्यात येणा-या वस्तु व सेवा इत्यादीबाबतच्या ई-निविदा/निविदा/दरपत्रक यामध्ये वस्तु व सेवा कराच्या अनुषंगाने अंतभूत करावयाच्या अटीबाबत.

संदर्भ: १) प्र.ले./वित्त/प्रकल्प/शहर/३३ दि.०४.०३.२०१७

२) प्र.ले./वित्त/प्रकल्प/शहर/१२०अ दि.०८.०५.२०१७

३) प्र.ले./वित्त/प्रकल्प/शहर/८ दि.१४.०७.२०१७

४) प्र.ले./वित्त/प्रकल्प/शहर/२८ दि.१०.११.२०१७

५) Press Release: 47th Meeting of the GST Council, Chandigarh
28th and 29th June, 2022.

बृहन्मुंबई महानगरपालिकेद्वारे हाती घेण्यात येणाऱ्या विविध प्रकल्प कामे तसेच प्राप्त करण्यात येणा-या वस्तु व सेवा इत्यादीबाबतच्या ई-निविदा/निविदा/दरपत्रक यामध्ये वस्तु व सेवा कराच्या अनुषंगाने अंतभूत करावयाच्या अटीबाबत संदर्भित परिपत्रकान्वये सूचना प्रसूत केल्या आहेत.

वस्तु व सेवाकरांच्या दरात फेरबदल करण्याबाबत शासन विचाराधीन असल्याने महानगरपालिकेतील विविध कामांच्या निविदांबाबत संभाव्य निविदाकार महापालिकेस निवेदन सादर करत आहेत. अतएव, महानगरपालिकेद्वारे हाती घेण्यात येणारी विविध प्रकल्प कामे तसेच प्राप्त करण्यात येणा-या वस्तु व सेवा इत्यादीबाबतच्या ई-निविदा/निविदा/दरपत्रक यामध्ये संदर्भित क्र.५ अन्वये दिलेल्या वस्तु व सेवा कराच्या अनुषंगाने अंतभूत करावयाच्या अटीमध्ये खालीलप्रमाणे बदल करण्यात येत आहे.
