1.	M/s CP Construction	As this is a routine and regular tender work, imposing such a restrictive condition may hinder fair competition and inadvertently favour monopoly and cartelization among a select few. We believe that limiting experience to this work may restrict participation. To promote healthy competition and equal opportunities for all, we respectfully request that you consider ANY CIVIL WORK and follow SBD as previously done for similar nature of work.	1.3 Similar Experience : Similar work shall mean, the completed or ongoing works of "Cleaning / De-silting of Sewer Lines / Strom Water Drains by use of Vehicle Mounted High Capacity Suction and / or Jetting Machine or High Capacity Super Sucker Machine along with CCTV survey".	Tender Condition Prevails.	The subject tender is related to systematic cleaning of sewers with the help of Sewer Cleaning Machinery of advanced suction capacity. This is the fifth tender of its kind and the previous tenders have been executed successfully without any hindrance or requiring any changes in the PQC or technical specifications. As such no change in the conditions of SBD.

			use of Vehicle Mounted High Capacity Suction and / or Jetting Machine or High Capacity Super Sucker Machine along with CCTV survey”.		sewer cleaning machinery cannot access. Such a situation required high suction capacity and lesser jetting unlike Recycler Machines as is the requirement of the job for suction of non-sewage material often found dumped in the sewers. As such no change in the conditions of SBD.
